

Port Board Operation At Harbor Set Sept. 1

**\$100,000 Rail-Barge
Facilities Planned For
Initial Development**

Rail and barge loading and unloading operations by the Tri-County Port Authority are scheduled to begin about Sept. 1 at the north end of the mile-long Chain of Rocks canal harbor, it was announced yesterday afternoon by Carl A. Ranfi, chairman of the authority.

Under a lease arrangement with W. H. Nichols & Co. of Dallas, Tex., 5,000 feet of dredged storage space for 40 freight cars and two revolving cranes are to be placed at harbor site, representing an investment of slightly over \$100,000 by the lease. The Port Authority is continuing with its plans for an estimated \$200,000 to \$300,000 development of a major marine port here.

Comdr. John Barron, port manager, said terminating operations for barges began this week at the authority's harbor area under an arrangement with the Economy Boat Store, a Wood River repair and towing service firm with barges being stored until ready for loading, unloading or for tow.

Handle Bulk Items

At present, no buildings are to be erected at the harbor site, since the facilities will be used only for transshipment of items such as bulk dry commodities including chemicals and agricultural fertilizer, steel pipe, steel reinforcing materials and structural steel as well as other bulk materials.

"The operation will be unloading materials from freight cars and placing it on barges or on loading barges for shipment by rail," Barron explained. "The authority recently abandoned its plan to develop warehousing at the former American Car and Foundry Co. plant in Madison, when an engineering study determined the operation would not be feasible, especially since the major building was virtually destroyed by fire last New Year's Eve. A new building issue was planned to acquire the facilities."

Engineering work is virtually complete for the initial development at the canal harbor, the port manager said, adding it was geared for a Sept. 1 starting date. He said details of the lease with the Nichols firm were not available at this time since they included future expansion which still is in the planning stage.

"We'll be handling barges from all low firms operating on the river from both the north and south as well as in this area," Barron continued. "The rail line with sidetracks is to be installed by Illinois Terminal Railroad, which is to be located to the south end of the canal harbor to serve the wharf facilities of the Bi-State Development Agency."

Limited Scale At Present

While the initial operation of its 2,000 feet of the canal harbor will be on a limited scale, the Port Authority is continuing with its program to develop a major port at the harbor site.

CAPT. LESLIE NASH
PROMOTION AND APPOINTMENT announced this week by Granite City Fire Chief King. Leslie Nash is the new fire captain, named to the rank to fill the vacancy created by the recent retirement of Capt. Alwyn Bodnen, and Harold Portell this week began his duties as a probationary fireman. (Related story on page 32).

Quick Decision Expected In Injunction Suit Against GC

A decision may be handed down this week or early next week at Edwardsville by Circuit Judge Joseph Barr, who Tuesday heard testimony in the petition for injunction filed against the city of Granite City by the 19 sanitation department employees seeking to halt the trash and garbage collections by a private contractor.

Judge Barr told the Press-

Record this morning he had not yet received points of authorities from City Atty. John Gitchcoff, but probably would get his list this afternoon upon his return to Edwardsville from Greenville where he was scheduled to hold court this morning. Gitchcoff told the Press-Record the list was mailed yesterday.

The judge said both sides, the sanitation workers and Teamsters Local 523, which represents them, and the city are anxious for a quick decision since the contract collection is to start July 2. "However, I must study all the material and the law before I hand down a decision, and I understand that either way the ruling goes, one side or the other will file an appeal with the state Supreme Court."

Construction Begins On Motel At Sunset Hill

Construction of an ultra-modern Holiday Inn motor hotel began this week south of Bypass 66 atop Sunset Hill, after the Joseph H. Vatterott Realty and Building Co., St. Louis county, exercised its option Monday to purchase a 44-acre tract from the Morris Realty Co., Granite City. Richard Robey was agent for the sale.

Price of the land was not announced, but the motel development will cost more than \$1,000,000. Included, along with 152 hotel rooms, the two-story, four-building project will be a banquet and meeting room, a restaurant, cocktail lounge and swimming pool.

Grading has been in progress for several weeks, and work began this week on footings for the buildings. A new roadway which has been installed affords an improved surface over that of a former access road which is being vacated to afford room for the motel.

Undergo Surgery

Those undergoing surgery at St. Elizabeth Hospital since Monday were: Della Rapp, 1311a Nineteenth street; Michael R. Siebert, 3015 Iowa street; Howard Wirt, 2113 Clark avenue; Mary Wilson, 2128 Bryan avenue; and Margaret Pitts, 4125 Lake drive.

City-Wide Benefit In Citizens Sewer Plan

City-wide benefits through adequate drainage, increased sanitary sewer capacity and qualifications for up to \$20,000,000 federal urban renewal funds as well as fulfilling the state requirement for pollution abatement are included in the \$100,000,000 program of the Citizens Sewer and Drainage committee.

While the original program proposed last year called for an expenditure of \$16,000,000 and was reduced because Gov. Kerner vetoed a bill last year that would have permitted the East Side Levee & Sanitary District to finance a large portion of the work, the citizens' committee revised the projects to pare costs and still meet the needs of the community.

The overall program now before the people of Granite City

calls for a \$100,000,000 revenue bond issue, which would be financed over a 40-year period. However, if the city continues to grow and more homes, apartments, business and industries are added onto the sewer and drainage systems, the income would be greater and the 40-year period would be reduced.

Industries Pay Share

For the average household, the minimum charge would be \$3.25 a month, based on the amount of water used during the winter quarter of the year. Industries and businesses would pay their share, also based on the amount of water consumed and dumped into the sewers.

Industries with wells would be required to install meters to determine the amount of flow, and would pay for the amounts of

water, both treated and untreated sanitary sewage and storm water which they would dump into the city's sewer system.

The \$3.25 minimum monthly charge would pertain to all areas of the city. In the Namekoki area, where a \$2.50 monthly charge is being paid for sanitary sewerage, the amount would be increased by 75 cents to the \$3.25.

The lower charge in the Namekoki area results from the fact that the area already has separate sanitary and storm water sewers in the Namekoki area the storm water ditch is to be widened, deepened and fenced. The capacity of the ditch is to be more than doubled.

Venice Township Tax Bill Mailed; Total \$2,262,032

Personal property and real estate tax bills to Venice township residents were mailed Tuesday according to collector Frank Reidelberger Jr., who said most probably have been received by now.

Total 1961 Venice township taxes to be collected is \$2,262,032, an increase of \$30,081 over last year's collection figure. 89 persons living in the city of Venice will be billed at a rate of \$3.274 per \$100 of assessed valuation, while Madison residents will pay a \$3.915 rate.

Tax payments are to be made at the collector's office, 1315 Madison avenue, Madison. Reidelberger moved into the office earlier this year. The 1961 rates for county, township, road and bridge, Venice and Madison are as follows: Venice school districts 3, 9 and 12 and the municipalities of Venice and Madison all assessed at 1.5 cents over the 1960 rate. Only decrease is a drop of one mill per \$100 of assessed value in the East Side Levee and Sanitary District rate.

The 1961 rate jump is 33 cents for residents of the city of Venice, the Venice park district and the Venice school district. The rate increase is 19.1 cents. Those residents who live in the Venice school district will face a rate increase of slightly less.

The Venice corporate increase is 10 cents, while the community unit No. 3 increase is 13.4 cents. The Madison corporate increase is 3.4 cents, the Venice park district rate is up 2.4 cents and the Venice school district rate is 8.5 cents higher than in 1960.

On the basis of the new rates, the Venice corporate increase is \$327.40. Of this, \$150.10 would go to the school district, \$71.40 to the city, \$39.20 to the Venice park district, \$33 to the county, \$14.40 to the park district, and \$10.30 to the township.

Madison Costs

A house assessed at \$10,000 in Madison and the Madison school district would be taxed at \$390.50. Of this, \$210 would go to the school district, \$71.40 to the city, \$39.20 to the Venice park district, \$33 to the county, \$14.40 to the park district, and \$10.30 to the township.

A breakdown of the Madison city rate shows 26.64 cents for general purposes, 8.79 cents for garbage collection, 61 cents for the library, 1.7 cents for public benefit, 4.36 cents for police pension, 9.96 cents for streets and bridges, 7.5 cents for fire protection, 6.67 cents for playgrounds and recreation, 9.03 cents for bonds and interest, 1.89 cents for Civil Defense and 5.75 cents for social security.

Kozielek Madison Schools' Treasurer

**\$1200 Annual Salary;
Board Names Madison
Bank As Depository**

Raymond Kozielek was appointed as school treasurer by the Madison board of education Tuesday night. He will serve at a salary of \$1200 a year from July 1962 through June 1964.

The position is being created July 1 under 1961 state law eliminating the old township school trustee system and the trustee-appointed township school treasurer. The school board named the First National Bank in Madison as depository for school funds.

Kozielek, 35, of 1703 Sixth street, Madison, is an electrical foreman with the Terminal Railroad, and does part-time bookkeeping and accounting work. A Third Ward alderman, he is unmarried.

Transfer Of Funds

To aid in the transfer of funds and responsibility from the township school trustees to the school board, a Venice township and commissioners' election will be held from noon to 1 p.m. Saturday, June 30, at Harris grade school, Madison.

The three commissioners' names will be empowered to disburse the trustees' loanable fund, which contains over \$30,000. It will be distributed among the Madison, Venice and Granite City school districts according to the proportion of their average daily attendance in grades one through eight of pupils living in Venice township.

A group of citizens will be held at 11 a.m. on the election day in the school cafeteria to discuss the candidates. Ballots will be blank, with the names of the candidates written in by hand by those voting in the election. County School Supt. Wilbur R. Trimpe is to name three election judges. It was noted during Tuesday's meeting.

Venice Appointment Due

A special meeting of the Venice school board is to be held this month to name the Venice school treasurer.

John Bridick has been serving as township school treasurer.

Tax Payments In GC

\$131,974 In 3 Days

Collection of the total 1961 tax bill of \$5,967,041 from Granite City property owners began this week at the city hall office of Collector Frank Sappington, who said yesterday totaled \$131,974.

The peak day was Monday, when \$86,090 was collected. Since the tax bills have been placed in the mail, Tax Assessor Von Dee Cruse said he has received a number of inquiries concerning the assessment.

Cruse said the tax bills being paid now are based on 1961 assessment figures; while the assessment being completed this year by his staff of deputies will be used for 1962 taxes to be paid next year.

The collector's office is open 8 a.m. until noon and 1 to 5 p.m. Mondays through Fridays and 8 a.m. until noon on Saturdays.

Mayor To Seek Later Date For Bond Issue Vote

**Absent Aldermen
Favor Late Date**

A later date for the special vote on the \$10,000,000 pollution-drainage revenue bond issue is favored by a majority of Granite City's aldermen; it was indicated this week when the Press-Record interviewed two of the three aldermen not present for Monday night's council session.

A resolution setting a July 17 election date was placed on first reading by a vote of 7 to 6, with Aldermen Estill Von Schmitten, Rufus LeMaster and Mrs. Gabrielle Bettine absent.

LeMaster, who was working the 4 p.m. to midnight shift in his job at Granite City Steel Co., told the Press-Record Tuesday the July 17 date "is too quick. The date should be compromised and set back at least 20 to 30 days. It's month too early, and it wouldn't give voters for the July 17 date."

Alderman Mrs. Bettine, who was unable to be present Monday night because of an unexpected arrival of guests at her home, said she agreed with the citizens' committee recommendation for a late September election to afford more for getting information to local residents.

Alderman Schmitten, who is vacationing near Waverly, Tenn., could not be reached. However, at last week's meeting of council committee chairman, Mayor Davis said, Schmitten favored the September date suggested by the citizens' group.

In Monday night's voting on the "election resolution," the July 17 date was favored by Aldermen Walter Norn, Casner Skubish, Steve Basarich, Samuel Shackleford, Edmund Bartosik, Joseph Cuvar and Frank Vesel. Opposing it were Aldermen Donald Partney, Charles Meyer, Paul Rutledge, Samuel Whitmer, Arthur Weizer and Ford Johnson.

The resolution is to be resubmitted to the council next Monday night, when a brief session is scheduled prior to committee meetings.

Whitmer was the first to attack the July 17 date, saying the council had called upon the citizen group for assistance in the drainage and pollution program and should show respect for the citizen group's election date which they recommended.

Alderman Edmund Bartosik, who is Whitmer's companion Second Ward alderman, took an opposite stand, saying the July 17 date was adequate since the citizen group had requested any further meetings with the entire council.

It was brought out the citizen group has been meeting with the council committee, and that the group had never asked Vesel as to whether the July 17 date was a recommendation of the Citizens Sewer committee.

When Vesel replied that it was a recommendation of the Citizens Sewer committee, he said he had never been called to a meeting to discuss an election date.

Whitmer added that he, too, was a member and had never been consulted.

Partney remarked he did not know what the committee had been called upon to set a date. "If the committee is still in existence, and I think it still is, then other members should have been notified."

At that point, Seventh Ward Alderman Charles Meyer took the floor and advised the council he represented a ward "with a lot of water problems," and that he needed more time to go over the program with property owners. "I say this is too fast. I know the council is not 100% for this program, but we should be given time to talk to people."

Norn's companion Fifth Ward alderman, Steve Basarich, told Mayor, "You gave us only 10 days for the petitions, and with

Nomeki Tax Collection Here To End In 6 Days

Unless an extension is granted, Nomeki township property owners wanting to pay taxes locally have six days left to do so before the tax collection office at the Granite City Trust & Savings Bank will close its doors for good.

Payments then made by the city of Granite City will be made out of the city's treasury. The city's tax collection office is located at 3841 Fairmount avenue, State Park Place.

The collection was started last week, and payments to date at the office here total \$81,002, with the amount paid at the collector's home to be tallied tomorrow. The township's total tax bill for 1961 is \$862,522.

Council To Seek Additional Aid From Levee Board

Assistance from the East Side Levee & Sanitary District is to be sought by Granite City for installation of a 41-inch trunk drainage line to serve the Mercer avenue area off the 2000 block of Clark avenue, west of Wabash avenue.

The proposal was submitted by Alderman Ford Johnson, who asked the council for the financial assistance request to be included in the aid to be given for sanitary sewer line repair and replacement along Aubrey and St. Clair avenues, and added that the levee district also should be asked to install a sanitary sewer line to rid the area of septic tanks.

Despite protests by Alderman Walter Nunn, who said the request for added assistance might result in a cutback in the \$100,000 tentative offer of levee district assistance for the sewer break repairs, the council voted its approval of Johnson's recommendation.

Bid Opening Next Monday
The Mercer avenue area was developed by local Realtor Gerald Kent, who also is treasurer for the levee district. He told the Press-Record that it was unlikely the levee district would approve such a request. Bids for the sewer break repairs are due to be opened Monday.

His plans, which he said are being delayed until the city obtains right-of-way for the drainage and sanitary lines, call for an 18-inch drainage line to serve the subdivision. He added the city wants him to put in the 41-inch line, which also could be utilized for extensions to Maryland Heights and Noll-day Gardens, which the city might install at a later date.

Kent said all that is needed to serve the seven homes along Mercer avenue are the 18-inch drainage line and an eight-inch sanitary sewer. The drainage line would empty directly into the drainage ditch and the sanitary sewer would connect onto a trunk which parallels the ditch.

The request for levee district aid was opposed by Aldermen Nunn and Steve Banasch. Step Repair Bid Accepted
In other business, the council awarded a contract to Thomas Skerle Concrete Co. for removal and replacement of concrete steps outside the Edison avenue entrance to the city hall on a bid of \$1345. The original low bidder has gone out of business, as was reported by Alderman Caesar Skubish, chairman of the City Hall committee.

Referred to the Street and Alley committee was a request by Alderman Charles Meyer to close a short alley between houses in the 2600 block of Center street; and a resolution was approved authorizing the state to proceed with the widening and resurfacing of Nameoki road north of Madison avenue and a section of West Pontoon road.

Placed on first reading was an ordinance to amend the zoning code to grant a C-1 commercial classification to Frank Champion for property at Franklin avenue and Pontoon road. Payment of \$18 to Mrs. Roy Love, 1542 Lindell blvd., for damage to 18 rose bushes during recent sewer repair work.

A resolution was adopted for installation of a fire hydrant in front of Lot 129 Brainerd subdivision requested by Fire Chief Elijah King. The installation is to be made by East St. Louis & Interurban Water Co. A permit was granted Illinois Power Co. for an excavation at August street and Edwardsville road for installation of a 12-inch gas line.

Fined, Pays \$3 For Damage To Uniform

Leonard Dyson, an Engineer Depot soldier arrested early Monday at American Legion Post 799 in Venice, was fined Monday night \$15 and costs for resisting arrest, \$5 and costs for peace disturbance, and court costs for property destruction. He also paid \$3 for damage to a policeman's uniform.

Police Magistrate Wesley Edwards fined a companion, Clyde D. Owens, Engineer Depot, \$10 and costs for interfering with a police officer. He dismissed a similar charge against Thomas J. Halley of the Depot. In an unrelated hearing Monday evening the Venice magistrate assessed court costs against A. B. Jackson, 1029 Market street, on a June 9 disorderly conduct charge.

Venice Hit-Run Mishap

A hit-and-run car damaged the left rear fender, body and bumper of the auto of Oliver F. Mueller, 50, Affton, Mo., at 9:20 p.m. Monday as Mueller was leaving Broadway to travel south on Main street, Venice. The other car, apparently damaged about the left front, continued north from Main street onto County road.

REV. ALBERT A. CHAMBERS

Rev. Chambers Accepts Post As Episcopal Bishop

The Rev. Albert A. Chambers announced Wednesday that he will accept the post as seventh bishop of the Episcopal Diocese of Springfield. He was elected to the post on June 9.

Confirmations of the election must be obtained now from a majority of the bishops of the Episcopal Church and from a majority of the standing committees of the American dioceses. When this has been done the presiding bishop will order the consecration.

It is expected to be held late in the fall at St. Paul's Cathedral in Springfield.

The Diocese of Springfield, one of three Episcopal dioceses in Illinois, extends from the Illinois river east to Indiana, and from Bloomington south to Kentucky. In the Diocese, there are 40 congregations, including one in Granite City, served by 28 priests, with 10,507 baptized persons and 7417 communicants.

The diocese which was created in 1877, and the sixth bishop was the Rt. Rev. Charles A. Clough, who died last September.

Fr. Chambers is married to the former Frances Hewitt Davis, daughter of Bishop and Mrs. Cameron J. Davis of New York. They have two daughters, both married.

Since 1949, Fr. Chambers has been rector of the Church of the Resurrection in New York City. He is a graduate of Hobart College, Geneva, N. Y., and the General Theological Seminary of New York City.

Tavern Bond Approved
A \$200 liquor bond for Mrs. Edith Castellan to operate Mel and Edith's tavern, 1600 Cleveland blvd., was approved Monday night by Granite City council members on the recommendation of Alderman Frank Vesce, deputy liquor commissioner for the city. Mrs. Castellan formerly operated the tavern with her late husband, Richard Marler.

Speeding Ticket
An arrest ticket was issued Monday to Robert M. Pittman, 30, of 204 Second street, Madison, on a charge of speeding at 20th street and Madison avenue. He posted his driver's license as bail until Friday.

Granite City Now Operating On Borrowed Funds--\$100,000

Granite City is now operating on borrowed money. The financial report for May 31, submitted to the city council Monday night by Comptroller John Doher, showed an \$18,683 general fund deficit on May 31, with nine of the 16 general fund accounts having deficits.

In April, the city council authorized the issuance of two \$100,000 tax anticipation warrants, and Doher reported Monday night the first had been obtained to cover June operating expenses. The \$100,000 was borrowed from the First Granite City National Bank at 3% interest, and the first new tax money distributed under the current tax collection will be used to repay the loan.

In a letter which accompanied the monthly financial report for the first month of the current fiscal year, Doher pointed out that while the city's overall balance on May 31 was \$91,050, the general fund with its 16 accounts showed an \$18,683 deficit.

"We cannot use for city operations the following fund balances that are a part of the total balance of other funds: police pension, \$16,007; library, \$16,048; material, street maintenance, \$2544; firemen pension, \$18,197; and motor fuel tax, \$17,507," Doher stressed.

"These amounts that cannot be used for city operations total \$20,146 as of May 31 that could be available."

A breakdown of general fund

accounts, showing one-month disbursements and May 31 balances or deficits in that order, follows: Fire department, \$18,415 and a \$13,130 deficit; water, \$1254 and a \$1072 deficit; street department, \$19,171 and \$8509; street lighting, \$1635 and a \$1153 deficit; pumping station, \$1856 and \$1479; general government, \$8745 and \$578; city hall, \$2511 and a \$1925 deficit; police department, \$19,045 and a \$13,133 deficit; inspection department, \$2214 and a \$732 deficit; election, none and \$399; sanitation, \$15,902 and a \$10,893 deficit; interest and judgment, \$180 and \$526; dog catching, \$1241 and a \$398 deficit; contingent, \$2328 and a \$1460 deficit; tax commissions, \$3502 and \$10,528; city planning, \$100 and \$3283.

A similar breakdown for the special fund accounts follows: Municipal retirement, \$2592 and a \$2484 deficit; working cash, none and \$83,283; parking meters, \$1662 and \$66,565; police pension, \$1759 and \$16,007; firemen pension, \$2720 and \$18,197; public library, \$4025 and \$16,048; arterial street maintenance, none and \$2544; unclaimed relative, none and \$6538; civil defense, \$841 and a \$9194 deficit; sales tax, none and \$17,571; maintenance pension, \$20,221 and a \$10,894 deficit; southern extension sidewalk paving, none and \$1381; Monroe street sidewalk, none and \$1841; Edwardsville road sidewalk, none and \$702; state motor fuel tax, none and \$17,507; and special improvement projects, none and a \$336 deficit.

The strike by broadcast engineers. He said the injunction ruling handed down this week in circuit court at Edwardsville to prevent the distribution of handbills calling attention to the strike would be applied to the state Supreme court.

The station is recognizing Teamsters Local 625 as representing its employees. IBEW Local pickets are continuing at the station office, which is owned by the Police Department Union.

All others nominated for office are incumbent—Mrs. Hilda Buran of Cooks and Waitresses Union, recording secretary; Fred Plebanek of the Steelworkers Union at American Steel Foundries, financial secretary; Albert Wilson of the Painters Union, guard, and Lennie Crookrell of the two trustee posts are Roy Logan, incumbent, of the Patternmakers Union at General Steel Industries; Frank Stodnick of the Operating Engineers Union, and Edw. Vaughn of the Carpenters Union. Phelps currently is a trustee.

Healy To Visit Here
Re-elected during the meeting that Daniel Healy, AFL-CIO regional director from Chicago, will visit the local council for its July 18 meeting to outline rules and policies for trade council.

Ralph Barnett, representative of International Brotherhood of Electrical Workers Local 4, St. Louis, explained the union's dispute with the local radio station.

Reviewing latest changes in laws governing the program, Eberhart noted that the reduction in benefits is less than in the past for those who both work and receive Social Security payments; retired men may receive benefits at age 62, but with no credit given for the years between 62 and 65; aged widows' benefits have been raised about 10%; there are greater benefits for those receiving the lowest rates of aid, less work is needed to qualify for benefits; and the eligible for benefits due to various law changes, despite previous rejections.

Eberhart said that disability benefits should be applied for immediately if employees must work until 68 to receive the highest amount authorized, and severe penalties apply on failure to make Social Security payments for domestic servants earning \$50 or more in a three-month period, regardless of whether the employee suggested omission of the payment.

He was introduced by Alex Markuly, program chairman. Birthdays of William Mehl and Harvey Miller were observed, and the club voted to oppose the proposed revision in the method of electing district Rotary governors.

ICC Orders 2nd Inspection Of Water Co. Lines

(Special from Springfield)

Martin J. Dolan, Met Vernon, hearing examiner for the Illinois Commerce Commission on the application of the East St. Louis Interurban Water Company, requested for approval of a rate order to raise water rates in Madison and St. Clair counties said Tuesday the commission instructed him to have spot checks of sampling of pipe taken from water mains in the system.

The number of holes to be opened for this purpose, he said, will be left to J. H. M. Clinch of the Chicago Management Co., an engineering firm retained by the commission to assist its staff in the determination of the case.

The commission set no date for the samplings to be taken. Dolan said arrangements will be made between Clinch and officials of the water company who agreed to open up the mains if the commission deemed it necessary.

Inspected In 1961
The mains were originally opened and samples of pipe removed in 1961 by engineering consultants engaged by the utility to help prepare the present rate order. Samplings were taken at 125 locations in the system.

The question of reopening the mains came up at a commission hearing on June 13 during the cross-examination by objectors' attorneys of Morris E. Duddleston, a pipe authority of the consulting firm of Ford, Bacon and Davis of St. Louis, who followed his physical examination of the cuttings of pipe to determine the percentage of deterioration.

The pieces were not saved but were thrown back in the holes after the pipe was replaced and covered with dirt.

The objectors' attorney protested this action arguing that the water company should have saved the samples for possible future examination, if necessary.

The samples examined by Duddleston, they contended, constitute the best evidence of deterioration. The company said Duddleston was an expert in this field and his testimony should be accepted in this regard without the necessity of saving the cuttings. Dolan said it was doubtful that new samples taken at some place in the location Duddleston took his from could not be taken before the next hearings scheduled for June 27, 28 and 29.

Equipment Due At Union Starch Plant At Any Time

Equipment for Union Starch and Refining Company's new pilot-plant syrup refinery may begin to arrive in Granite City at any time, Vice-President General Manager John McBride said today.

The equipment will be used in mental arrangement to test and evaluate a new method of making corn syrup here.

McBride returned three weeks ago from an European trip in which he inspected the equipment and participated in several conferences on making corn syrup. While in Paris he delivered a paper at the International Glucose Conference on "New Developments in Starch-making in the United States."

The arrival date of the new equipment, which is uncertain, depends on the number of previous stops made by the freighter bringing it to Chicago via the St. Lawrence Seaway and on tide which control departure dates.

Two-Hit Shutout By Huff

Park District Class A Nine Takes Series From Alton Area Teams, 2-1

Ray Huff pitched a two-hit shutout at Wilson Park last night to give the Granite City park district's Class A softball team a 2-0 win over the Alton Merchants.

The second game of a scheduled doubleheader was canceled due to failure of the field lights, but the single victory was enough to give the local park team a 2-1 edge over Alton area teams this week.

On Tuesday night, the Granite City nine hosted the Alton Merchants in a doubleheader, gaining a split. After winning the opener 3-0, the park team lost in the second contest by an 8-4 margin.

Last night's action left the local Class A team with a 10-13 record for the season. In their third and fourth straight home doubleheaders, they will meet the Decatur Merchants at Wilson

Park for twin games Saturday night and again Sunday.

Saturday's initial contest began at 7:30 p.m., while the opening game time Sunday is set for 6 p.m. The Decatur club, 1961 Illinois state softball champions, walloped the Granite Cityans 15-0 and 10-0 in a double bill at Decatur earlier this year.

Huff allowed Alton batters a single in the third inning and another in the sixth last night, and granted only two walks to send the visitors home without a taste of scoring. Jim Bain worked behind the plate.

The park team scored both runs in the bottom of the sixth on hits by Marvin Brokaw and Norman Jenkins, a run-scoring sacrifice by Jake Hinterser and a hit by Rich Williams. Art Brockers had a double in the third frame, and Huff, Bain and Ron Dillard had singles.

Tuesday's Split
In Tuesday night's opener, the park district team scored all three runs in the eighth inning after the regulation seven frames ended in a 0-0 tie. Norman Grote held Alton to four hits to take the victory.

Ron Dillard opened the eighth with a single, advancing to second on a sacrifice. Catcher Jim Bain walked, and Marvin Brokaw singled to score Dillard. Bain scored on Norman Jenkins' double, and Jenkins crossed the plate on a hit by Jake Hinterser.

Carroll Gilson allowed three runs on an equal number of safeties in the second game Tuesday night, giving Alton a 3-0 lead which was too much for the local nine to overcome. Alton's eight runs came on five hits, while Granite City scored four runs on an equal number of safeties.

Jim Bain worked behind the plate in both games Tuesday.

Credit Union, Rome and Roy's Win In Cassic League Softball Games

The Graniteres were held to three hits by Jack James and lost a 4-1 classic league softball contest to GC Steel Credit Union at Wilson Park Tuesday night.

Rome and Roy's beat Bay Sea Truck Stop, 11-10.

James struck out four and walked two batters, allowing singles in the fourth, fifth and seventh innings. The Graniteres' only run was scored in the fifth on an error, sacrifice and wild pitch.

Jerry Jackson drove in three Credit Union runs, one in the first and two in the three-run fourth frame. Glen Sprankle's hit and an error which put Dewey Melton on base preceded Jackson's safety in the third, and Jackson scored on John Draper's single.

Sprankle walked in the opening frame, stole second, went to third on an infield out and scored as Jackson was thrown out at first.

Credit Union batters were limited to four hits by Jim Ripley, who walked four. Each team was charged with three errors.

Errors Charged
In the free-winning second contest, both teams collected eight hits. Six errors were charged to the Truck Stop team, while Rome & Roy's players were charged with five.

The winners scored three runs

in the first inning, one in the second; five in the third and single runs in the fifth and sixth. Seven runners were left stranded. The Truck Stop nine scored three in the initial frame, three in the third, three in the fifth and one in the seventh. They left four men on the bases.

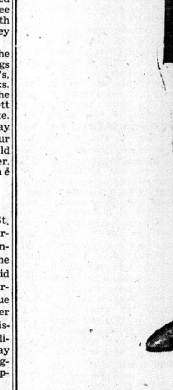

Carroll Tinsley worked the first four and one-third innings on the mound for Rome & Roy's, allowing six hits and two walks. Jim Williams came on in the fifth and saved up two hits. Ott Peacher worked behind the plate.

Clyde Meyers went all the way for Bay Sea. He issued four walks and threw three wild pitches, striking out one batter. Bill Scarsdale completed the Truck Stop battery.

Driver Pleads Innocent

K. L. Handion, 22, of 1505 St. Clair avenue, was issued an arrest ticket early Thursday morning on a charge of leaving the scene of an accident. Police said a car was involved in a rear-end collision on Madison avenue near 15th street with another auto driven by Richard L. Kismar, 17, of 1907 Harris, Madison. He pleaded not guilty today and was released by Police Magistrate Gasparovic on \$500 property bond until June 28.

Quilting Circle Honors Member

Mrs. Pearl Kean, who is leaving shortly to make her home in Neenah, Wis., was complimented with a handkerchief shower Wednesday afternoon, following the noon luncheon of the Eastern Quilting Circle of Niedringhaus Memorial Methodist Church.

Mrs. Kean, a member for many years of the church and the widow of a former pastor, will reside with her son-in-law and daughter, Mr. and Mrs. Danenbrink and family, 701 S. Park street, Neenah.

The remainder of the afternoon was spent quilting by the 17 members present and their guests from other church groups who assist in the weekly needlework project.

25th Anniversary Open House Set

Mrs. and Mrs. Raymond J. Schrage, Rural Route Five, Edwardsville, will observe their 25th wedding anniversary with an open house Sunday afternoon from two o'clock to five. Relatives and friends are invited to call at the home of the former Granite City couple, who are parents of two sons, Fred and Paul Schrage.

Mrs. Severine Is Club Hostess

A barbecue chicken dinner was served last evening by Mrs. Alex Severine, 921 Iowa street, Madison, when she entertained members of the handicraft club for a monthly party.

The evening was spent at games with awards made to Mrs. Annie Mangelsen and Mrs. Gladys Skubish. The group elected to have a theater party July 18, replacing the usual get-together.

Coffman-French Nuptials

Miss Julia French, daughter of Mr. and Mrs. Edward H. French, 2203 Ohio avenue, became the bride of James Coffman in an informal ceremony performed last evening at nine o'clock, at Second Baptist Church with Rev. W. L. Showers, officiating. Witnesses were the bride's twin sister and husband, Mr. and Mrs. Edward Boyer. The bridegroom, whose parents are Mr. and Mrs. Fred Coffman, reside at 1837 Warnock avenue, is employed at the Granite City Steel Co. The newly-married couple will live in Granite City.

Kardettes Meet With Mrs. Nemeth

Mrs. Barbara Nemeth, 2137 Benton street, entertained the Kardettes with a monthly party, Wednesday evening with top honors going to Mrs. Emma Jakich, who received first prize, Mrs. Margaret French, second, Mrs. Wanda Kibart, third, Mrs. Dorothy Sheppard, fourth, and Mrs. Frances Skubish, fifth.

A late buffet supper was served by the hostess to the prize-winners and Mrs. Helen Foderoff, Mrs. Betty Papp and Mrs. Bobbie Hudson.

The club will adjourn regular meetings for the remainder of the summer, resuming in September with Mrs. Todoroff, 3120 Colgate drive, to be the first hostess.

NEWLY WEDS RETURN FROM HONEYMOON

Mr. and Mrs. Ed J. Boyer, who were married at Friday afternoon at the Second Baptist Church by Rev. W. L. Showers, are at home to friends at 2404 Namsoki road.

The recent bride is the former Miss Judith French, daughter of Mr. and Mrs. Edward H. French, 2203 Ohio avenue. Her husband's parents are Mr. and Mrs. Edward B. Boyer, 3000 Cuyaga street.

Attendees at the informal ceremony were the bride's sister, Mrs. James Coffman, the former Miss Julia French and LeRoy Smith.

Latin Ensemble Tour Fund Drive Tops \$6000 Goal

The drive for funds to finance a tour of Mexico by the Coolidge Junior high school Latin American rhythm ensemble has gone "over the top," it was announced today.

With \$485 on hand, not counting the \$2100 to be provided by the 21 participating students, the total is expected to reach \$2785, or \$785 more than the \$2000 goal.

The figure includes no funds from the Granite City Rotary club, which voted to underwrite up to \$500 if the drive fell short. Any funds beyond the \$6000 are to be put to good use, for sightseeing tours in Mexico or other worthy purposes. It had been hoped that the goal would be exceeded, since the budget which was set up was limited to the absolute minimum known to be necessary.

Sightseeing Planned Despite the helpful contributions from individuals, organizations and business firms in response to the drive, the tour will not be free for any of those taking part.

In addition to the \$100 to be paid by each student, "spending money" will have to be provided by each family for its child. And, with many of the parents going along as chaperones, they will be paying their own expenses as well.

Invited By Government The bus trip, scheduled to start Friday, July 27, and last about three weeks, is being sponsored by the invitation of the government of Mexico. The ensemble will play its authentic Latin rhythms for Mexican students, faculty members of other groups representing all walks of

Local Jaycees To Sell Sesqui-Centennial Garb

Granite City Jaycee members will sell top hats, derby hats and other accessories for Madison county Sesqui-Centennial dress, was decided at the organization's regular meeting last night.

The local Jaycee chapter will conduct the Madison county queen contest at the YMCA here Aug. 8 and Mrs. Anita Kubant and other Sesqui-Centennial committee representatives attended the meeting to discuss plans.

Direct, televised and filmed performances are planned, and the high points of the journey will be appearances at the Mexican Palace of Fine Arts and at the presidential palace for Senora Eva Samano de Lopez Mateos, wife of the president of Mexico. Robert D. Todoroff is the director and originator of the ensemble. He is the instrumental music instructor for seventh, eighth and ninth grade students at the Coolidge school.

Other discussion at the meeting concerned the Sectional Junior Sports Jamboree to be held here July 21, and the Illinois Miss Majorette contest scheduled here in August. Phil Hogan is chairman of the Jamboree, while Morris Miles heads the majorette contest committee.

The American Revolution was financed in part by a loan backed by five million pounds of Virginia tobacco. Benjamin Franklin helped get the money from France.

The bride, the former Miss Phyllis Barr, is the daughter of Mr. and Mrs. Albert Hill, 2421 Cleveland blvd. Her husband's parents, Mr. and Mrs. Mousheeh Manogian, reside at 1629 Olive street.

Both are employed at the Granite City Engineer Depot and will reside on Villa drive.

INITIATION PLANNED
Granite Chapter 450, Order of the Eastern Star will hold initiation of new members, tomorrow evening at 8 p.m. in the Masonic Temple, with Mrs. Kathryn Edmonds, worthy matron and Thomas Bryarby, worthy patron presiding.

Dorcas Class Honors Teacher

The Dorcas Class of the First Baptist Church met Tuesday evening at the Grand Cafe for a dinner meeting, in observance of the birthday of Mrs. Ella Signalgo, class teacher. Commemorating the occasion, the guest of honor was presented with a handmade "friendship quilt" embroidered with the names of 42 class members.

The invocation was offered by Mrs. Elsa Sagen. Following dinner, Mrs. Imogene Clayton, president, conducted a short business meeting. As the class project for June, the group authorized a donation to the vacation Bible school.

Mrs. Essie Johnson opened the evening's program with prayer, and devotions were given by Mrs. Eva Olive. The stewardship lesson, "The Lake That Cannot Be Empty," was presented by Mrs. Elsie Long and Mrs. Signaigo read a poem, "Class Prayer," written by Mrs. Dena Kampshneider. "A Cup of Cold Water" was the teacher's thought for the day. Present were 34 members and two guests, Mrs. Evelyn Heifer and Mrs. Marie Evans, both of Sullivan, Ill., and former members of the First Baptist Church.

Business Education Workshop Set At SIU

Southern Illinois University is sponsoring a workshop in business education at its Alton center from June 25 through June 28. Director of the four-day sessions, concentrating on new trends in teaching business education will be Dr. Mary M. Brady, associate professor of business education at SIU's Southern campus.

Featured speakers at the workshops will be Mrs. Marion Wood, educational consultant of the International Business Machines Corp., and Mrs. Katherine Humphrey, associate professor at State College of Iowa. Mrs. Wood has done research and writing in the field of electric typewriting and has conducted workshops throughout the country in teaching of this subject. Mrs. Humphrey has had both high school and college teaching experience, with emphasis in methods and secretarial courses. She taught at the Katherine Gibbs Secretarial School in Chicago and at Eastern Illinois University before joining the staff of the Iowa college.

Another feature of the workshop, scheduled from 8 a.m. to noon Monday through Thursday in Annex A, Room 108, will be a visit to the 1401 Turner installation on the SIU-Edwardsville campus.

The workshop will be a part of the required work for credit in Principles and Problems of Business Education and in Methods of Teaching Clerical Practice and Office Machines, according to Dr. Brady, who said "anyone interested in business education is invited to attend, without charge, any or all days of the workshop." Further information about the workshop may be had by contacting Miss Brady at Southern Illinois University in Alton.

City Auto Tag Sales Continue To Climb

The Granite City Clerk's office is still doing a hand office business in city auto tags. A total of 11,184 tags has been sold in two months. Last year 11,599 were sold for the entire year.

The tags are available at \$3 each for passenger autos. The clerk's office is on the main floor of the city hall, cracking down on motorists who fail to purchase stickers. The 1962 auto stickers were due May 1.

In a one-day drive last week 24 violators were given arrest tickets. The police department announced there will be other crackdowns.

The usual fine for having no city sticker is \$3 and costs. Violators must settle tickets before purchasing stickers.

Glass Containers Are Unlawful For Gasoline

Granite City firemen are advising local residents that it is unlawful to store gasoline in glass containers.

Dangers of such a procedure are being outlined, in that hazardous and injurious fires could result in the event the glass container should fall or be dropped.

Fire Chief Elijah King is reminding all persons that it is unlawful to put gasoline in any glass containers or a can which is not a metal container painted red with "Gas" lettered on it.

"We are putting a warning sign with the state fire regulations on it in all the service stations in town," Chief King said yesterday.

Mr. and Mrs. George Clemons and daughter, Carol and Becky, arrived home Tuesday night from a ten-day camping trip in Southern Illinois. They were on their vacation.

City Oks Promotions By Downtown Retailers

With the exception of distribution of handbills by airplane, promotional programs being arranged for the summer by the Downtown Granite City Merchants Shopping Center were approved Monday night by Granite City council members.

Mayor Davis explained it has been the policy of the city since he has been in office not to permit the dropping of handbills from an airplane.

The first promotion is set for June 30 when a cookout contest is to be held in the downtown business district, with local backyard barbecue chefs vying for prizes. Charcoal grills are to be set along the sidewalks in the business triangle. Barnes explained the retailer group carries insurance.

The second promotion is set for July 27-28 when the downtown area will take on the air of a "gaslight square." Permission was granted to block off 19th street between Delmar and Edison avenues to set up an outdoor cafe.

A third promotion is another sidewalk sale set for Aug. 10-11. Barnes pointed out the promotions staged by the Downtown Shopping Center merchants have proven successful.

Mules And Rail Fences Vanishing From Illinois

By JOHN W. ALLEN

Southern Illinois University

Many objects once familiar in the southern Illinois landscape are gradually vanishing. They are going away so quietly that their disappearance is scarcely noticed, at least not until they have become rare indeed. Among the objects of this kind previously mentioned and commented upon are rail fences, the finding of another one being quite an event. Such a discovery gives the finder a nostalgic feeling.

Another rail fence, and more was found recently. In addition to the stake and rider fence was an old, frosty-faced one with ears alert, peering curiously over the fence at approaching strangers. The fence-man combination was a double find. Together, they made a rare picture. The alert old animal (some said animal) in the pasture beyond the fence served as a reminder of the time when both mules and rail fences were commonplace. There were miles of fences and mules without number. As late as 1931, five million mules were reported, but their number even then was diminishing. In 1959 there were about three quarters of a million long-eared, mostly on small farms in the cotton growing South and in the grain fields of some of our hill lands.

Had Gertrude Stein been writing about mules, she doubtless would have said, "A mule is a mule . . .". And Gertrude would be correct. After all, a mule is a mule, nothing different about as much as it can be said of any animal, the mule has personality. Without pride of ancestry, the mule, of posterity, he still has sobriety, patience, endurance, calmness, discretion and a sense of duty, ample vocal equipment and a sure tread. There are few mules who refuse to be tamed. He is healthy, hearty and afflicted in a way that carrots and cursing will not remedy.

General Grant said that he never used explosives but would not blame any mule driver for doing so. Yes, mules are mules but they have been called by many other names. Some dub them barnyard

models, hardtails, donkeys, he-haws, jarheads, jassics, jug-heads, knobheads, long eared chum, rattail, shavetail, Missouri running bird, farmer's night-gale, as well as a host of other names, some hardly printable.

Mules have had a long honorable career in America. One of the finest lines, if mules can be said to have a line, began with Jacks bred by George Washington from some Jacks and Jennets sent to him by the King of Spain.

Mules have been veterans in all our wars. They have pulled endless wagon trains in the wake of the infantry. Where wheels would not go they have plodded along with packs of arms, munitions and food.

He has appeared in showings and jumped hurdles with the best of them. Old Hannan, noted mule member of the Fourth Field Artillery, banned because he was a mule, as was a "society" event, assumed the name of Hamilton Bone, thereby fooled those making the affair, was admitted to and won the event.

Hamble still is recorded among the great jumpers.

In 1957 the Fourth Field Artillery, the last of the mule equipped regiments of the army, was mechanized, helicopters taking the place of about 300 faithful mules. The mules were retired to pasture and the sight of muleskinners and the prediction of many that, "They'll cry for them back."

With vanishing mules there naturally will pass much of the folklore about mules. They will play their mules fortell changing weather. Their rolling at midday will not warn of a storm before midnight. He will not proclaim the fact that he is worth \$100 by a robe over his head, but himself to less than \$50 by failing to do so. One can hardly again count 150 mules and their lack or disarms worry by counting 99 white horses and one white mule.

Girls can no longer count 100 white horses and mules, a white mule equalling ten horses, and then meet her lover. No longer will there be mule tracks in which really lucky persons may find a mule and thereby bring on 16 years of bad luck, over twice that for killing a cat.

There now is a movement to erect a bronze statue of a mule in a Texas town, a kind of national memorial to the mule for its contributions to the development of the country. We are for

it.

10 Local Youth

Drafted Yesterday

Ten Quad-City area youths reported yesterday morning to the county selective service office in Edwardsville for armed forces induction and from there were sent to a St. Louis examining center for transportation to Fort Leonard Wood, Mo. Of the 10 draftees, three were volunteers. They included Fred Steven Farmer, Roger William Jacob and John Otto Schueren, all of Granite City; Wendell Wilson, Franklin Wilber Nelson and James Arthur Walker of Madison; and Howard Sanders, Maurice Williams, Michael Lee Orsano and Don Francis Brown, all of Venice.

The local areas draft quotas for next month are set for July 19 when five youths are to report for induction and another five youths are to report for pre-induction physical examinations.

12,600 Pupils in Fall, 12,000 Capacity

While the 1961-62 school term has been over for only a short time, planning for opening of the 1962-63 year in the Granite City school district is nearly complete. School authorities are expecting an initial enrollment of between 12,600 and 12,700.

With an enrollment of 11,814 during the past year, the school system already exceeds its capacity of 10,942, based upon federal standards.

The capacity is closer to the latest enrollment, reaching 11,742 after inclusion of small rooms, "makeshift" rooms and other facilities not recognized for federal statistics.

13,600 In Following Year

The adjusted capacity for 1962-63, including additions being constructed at Coolidge Junior high school, is 12,042, resulting in overcrowding of 640 if the fall enrollment hits 12,682, and 13,586 before the possible September 1963 turnout of 14,638.

Building of four new classrooms at Mitchell grade school has been discussed for the spring and summer.

The overcrowding takes the form of larger class sizes than preferred, or existing in some classes outside the regular schools, such as in nearby church educational facilities.

Beat Four Church Rooms

For this fall, the number of rented church rooms next to Nameoki grade school is to be increased from two to four, and pupil transfers have been approved at Frohardt grade school and the Coolidge and Central Junior high schools.

Class sizes listed by the federal government in determining school capacities are as follows: high school, regular class, 25 students; high school special class (such as slow, home economics rooms), 20; junior high school regular class, 30; junior high special, 24; elementary (first through sixth grades), 30; kindergarten, 60 (30 in morning and 30 in afternoon); and college mentally handicapped, 15 pupils.

Capacities for 1962-63 according to federal standards are as follows: Granite City high school, 1707 in classrooms only; Coolidge junior high, 1322 in classrooms; Prather junior high,

606 in classrooms; Central junior high, 597 in classrooms; Frohardt, 609; Marshall and Maryville, 600 each; Wilson, 540; Logan, 525 (405 in newer school and 120 in Logan annex); Nameoki, 510; Washington, 480; Webster and McKinley, 450 each; Nardinhaus, 435; Lane, 420; Emerson, 330; Mitchell, 240; and Stallings, 180.

282 Rooms In District

The 10,662 total capacity is based on a tabulation of 299 classrooms, 48 special rooms and 16 kindergarten rooms.

There are 29 other rooms, classified as makeshift.

The 12,682 potential enrollment this September consists of 1229 in kindergarten classes, 1263 first graders, 3106 in the second grade, 3121 third, 3033 fourth, 1026 fifth, 965 sixth, 909 seventh, 890 eighth, 985 ninth, 1030 tenth, 735 eleventh and 539 twelfth grade.

2100 GCHS Enrollment

These figures amount to 7783 in the kindergarten and first six grades, including 38 special education students; 2799 in the seventh through ninth grades, including 13 special students; and 2100 at GCHS.

"A federal survey of all buildings was made in 1959 to determine building capacities of the school district," Supt. Harold M. Kaiser relates in a report to the school board.

"Since then, Lake, Wilson and Maryville elementary schools and Prather Junior high school have been opened. Also, two additional classrooms in 20 classrooms and three shops have been added to GCHS with federal funds."

1380 'Makeshift' Capacity

"The capacity of school buildings using federal standards is 10,622, including the Coolidge additions. The projected enrollment for September is 12,682. This represents an overcrowded condition of 2060 pupils. Technically, 1380 pupils are in excess of the term refers to pupils attending classes in rooms not of standard size, basement rooms, or classes with enrollment in excess of 30 pupils."

"By using makeshift classrooms, an additional 1380 pupil

stations are gained, still leaving 640."

"Overcrowded conditions do not exist in all schools. At the senior high school level, with the new additions and minor modifications to existing buildings, there will be no serious overcrowding in this center for several years."

Mitchell, Nameoki, Frohardt

"At the elementary school level, there are overcrowded conditions at Mitchell, Nameoki and Frohardt. With the additions to Maryville and Wilson, enrollments at these centers as well as Mitchell school were reduced considerably. However, enrollments continue to increase at these centers."

Adjusted capacities are 735 at Frohardt, 570 at Nameoki and 480 at Mitchell, with potential enrollments of 903, 713 and 588 for overcrowding by 168 at Frohardt, 145 at Nameoki and 108 at Mitchell.

"Some relief in the future can be expected from the school board adjusting boundaries and sending some pupils to Lake elementary school and the new church facilities." Ninety-three Long Lake area pupils have been transferred to the school from Frohardt to Lake school, effective in September.

"The school board is also considering a plan to build additional classrooms at this time," Dr. Kaiser notes.

"Mitchell school indicates a serious overcrowded condition which could be corrected temporarily by classroom additions and rental of facilities in the area."

Possible Alternatives

"The administration has no specific recommendation for these problems at this time, except to call the board's attention some of the problems facing the school district in the area of enrollments."

"Some solutions to these problems which warrant serious consideration and study are: 1. Continue to build additional on a pay-as-you-go basis. 2. Rent classrooms at various churches. 3. Increase loads. 4. Build additional school buildings. 5. A combination of 1 and 2."

Fields, Mrs. Dant To Head Truman Day

Alvin Fields, state Democratic central committeeman, and Mrs. Ida Dant, committeewoman, will head the Truman Day committee at a meeting here Tuesday.

The former President is scheduled to speak at the Madison county fair at Highland July 28, and is to address a dinner gathering later that day at the Veterans Memorial American Legion Home.

County Chairman Walter T. Simmons and local mayors, Dr. John E. Lee, Edward R. Davis and Stephen A. Maestas were named honorary co-chairmen, along with St. Clair county representatives.

James Chapman was named chairman of the ticket committee, and Theodor Genterman was named secretary. Madison county committee members are Willard Fortell, Barney Fraundorfer, Leonard Davis and Michael Kinney.

James Vanzo is to head the publicity committee, assisted by S. Howard Sparks and William Warren, while Kenneth Hinson, John Maestas, John Kravack and McCormick will serve on the decorating committee.

Joseph Cavar was named entertainment committee chairman, Madison county members of the committee will be Charles Van Prater, Dale Hill, Gus Haller, James Callahan and George Jones.

Parade Committee chairman will be Christ Costello, assisted by Louis J. Zaganelli, D. W. McLean, Richard Allen, D. L. Boyles, Joseph Gruenfelder and William Jenkins.

Simmons will be dinner committee chairman, assisted by Miss Edulita Hotz, Wilbur R. L. Trimpe, Lois Weeks, Austin Leary and Mrs. Dant.

Tuesday's meeting at the Rose Bowl restaurant here was attended by Democratic leaders from both Madison and St. Clair counties.

Shirley M. Bailey on the grounds of desertion. They were married March 11, 1950, and separated May 15, 1961. She was given custody of a minor child with an allowance of \$15 a week for the child's support.

Handbill Distribution Injunction Granted

Madison County Circuit Judge Joseph J. Barr granted a temporary injunction Tuesday at Edwardsville forbidding the distribution of handbills by Local 4 of the International Brotherhood of Electrical Workers in its strike against the Granite City radio station.

A union spokesman said the distribution of handbills has been discontinued but that picketing will go on.

The injunction prohibits the union from interfering with the station's advertisers or from issuing or uttering any circulars, letters or edicts inducing a breach of contract between the station and its advertisers.

The station has voluntarily recognized Teamsters Local 520 of Granite City to represent its employees. Nine employees are members of the Teamsters.

The IBEW represents broadcast engineers who walked off the job June 1, putting the station off the air for a short time. The engineers seek more money and recognition of their union. The station recognizes only the Teamsters, however, and plans to negotiate a contract with the Teamsters Local.

TRI-H-I TO TAKE PART IN COUNTY FAIR

The Tri-H-I club met Tuesday at St. John United Church of Christ with Mrs. Raymond Tadlock. Plans were discussed for achievement night July 10, when there will be a display of cooking, handicraft and modeling of clothing sewn by the club.

A short play, "Those Wonderful Years," presented by the club, is one of eight plays selected to compete at the county fair. The judging was held Monday evening at a "Share the Fun" program in Marine, Ill.

A tour of the Tri-City Grocery Co. warehouse will be enjoyed by the club on the morning of July 10.

Barbara Fifield and Sue Jacobsen competed to represent the club at the county fair with demonstrations. Barbara Fifield won with a demonstration on "How to Tackle Bettle and Measure Correctly." Sue Jacobsen was selected as alternate with a demonstration on "How to Make Sugar Cookies."

Demonstrations were given by Debbie Faudette, "Meal Planning"; Linda Kunz, "Casseroles"; Judy Friedman, "Setting in a Sleeve"; Sandy Carley, "Seasonal Finishes"; and Donna Rapp, "How to Boil Fresh and Frozen Vegetables."

The next meeting will be July 10 at St. John Church.

OBSEVE BIRTHDAYS

Mrs. Lottie Ostresh was hostess to the July Matrons club luncheon in her home, 2034 Thirteenth street. The birthdays of Mrs. Della Murphy and Mrs. Mildred Werner were celebrated. Games were enjoyed, and prizes were awarded to Mrs. Werner, first; Mrs. Verna Baker, second; and Mrs. Murphy, third.

Refreshments were served to the above mentioned and Mesdames Anna Mae Murphy, Joanne Milovich, Florence Miller, Helen Thiele and guests, Mesdames Marie Young, Lucille Ostresh, and Mrs. Werner invited the club to meet at her home in Mitchell in two weeks.

OUTDOOR PACK MEETING

A committee meeting of Cub Pack 122 of the Wilson school PTA was held Monday in the home of the new committee chairman, John Hill of Birch avenue.

Plans were discussed for the pack meeting next Monday in the school yard. Everyone is to bring a chair. The time has been changed to 7 p.m.

Members taking part were Mrs. Wanda Renicke, Bert Ahrens, Ray Duke, Mrs. Doris Sanders, Mrs. Mary Lou Carroll, Mrs. June Weaver, Mrs. Norma Burke, Mrs. Beverly Singleton, Culmaster Layton, Aslin and Hill. Refreshments were served by Mrs. Hill.

LUNCHEON FOR CLASS

Mrs. Gussie Hessman was hostess to the Ruth class of Calvary Baptist Church in her home on Nameoki road Tuesday.

The Rev. S. O'Master, opened the meeting and conducted the business session. Mrs. W. Schepers presented Bible reading.

The hostess served a luncheon to the above and Mesdames Elizabeth Knight, Ruth Demery, Elizabeth Brooks, Kate Stafford, Della Hubble, Esther Hoffman and Gertrude Wood.

The next meeting will be held July 17 at Wilson Park. The meeting will be a covered dish chicken dinner.

Mrs. Stafford offered the closing prayer.

BIBLE SCHOOL TO OPEN

The vacation Bible school of the Good Shepherd EUB Church will begin Monday and will continue through July 6. There will be games, handicraft, singing, worship and refreshments.

The time will be 9 a.m. to 11:30 a.m. each day. Rev. B. L. Bryan is pastor of the church, located at National and Sunbury avenues.

Fields, Mrs. Dant To Head Truman Day

Alvin Fields, state Democratic central committeeman, and Mrs. Ida Dant, committeewoman, will head the Truman Day committee at a meeting here Tuesday.

Closing Program Set For Retarded Children's Camp

Closing program for the 33 retarded children enrolled in the sixth annual summer day camp at Wilson Park will be held at St. John United Church of Christ at 7 p.m. tomorrow. The public is invited.

The camp, sponsored jointly by the Granite City Association for Aid to Retarded Children, the Granite City park district and the United Fund, is the only one of its kind in the area.

The children are offered a variety of educational and entertaining activities during the two-week event, with group work conducted in handicraft, art, games, singing and rhythms.

A daily program of swimming and movies has been provided by the park district, and two cook-outs were held each week. Highlighting the first week was a tour of Grant's Farm near St. Louis.

Boys and girls from area youth organizations volunteered their assistance to the camp, and parents also have given their services. Camp co-ordinators are Margaret Roberts, physical education teacher at Maryville school, and Rebecca Glaze, who has been with the camp the past four years and will be a special education teacher in the Granite City school system this fall.

At the closing program, camp participants will present a brief summarization of their activities and display their art and handicraft objects.

Special trophies and ribbons will be awarded on the basis of citizenship, attendance and sportsmanship, and recognition will be given the best all-around boy and girl campers.

VENICE JUNIOR SERVICE CLUB officers, who were installed recently at the annual dinner meeting, left to right — Mrs. Tillie McGarrah, board member; Mrs. Dorothy Bilbrey, recording secretary; Mrs. Betty Guffy, board member; Mrs. Jackie Leatherman, first vice-president; Mrs. Ruby

City-Wide Benefit

(Continued from Page 1)

drainage is to be installed, with the present combined sanitary and storm water sewers to be used exclusively for sanitary sewage.

Planning Stresses Economy Through this new construction and separation of sanitary and storm water sewage, the size of the sewage treatment plant can be cut in half, resulting in not only a \$1,700,000 savings in construction but also a savings of \$10,000 a year in operating costs.

Also with two systems—one to handle sanitary sewage alone and the other to carry away storm water—the city would have no worries in the future for increasing the capacity of its sanitary system. Separate sewers for storm water would provide adequate drainage, and the constant worry of sewer backups into basements would be ended.

The existing sewer system in Granite City proper would be more than adequate to handle sanitary sewage alone; and the new system of storm water sewers and ditches would use only the larger main trunks near the river, where interceptor sewers would carry the sanitary sewage to the treatment plant.

The program of the citizens' committee, which is to be voted upon in the near future, includes \$1,225,000 for construction of the sewage treatment plant; \$1,555,000 for widening, paving and fencing the Nameoki storm water drainage ditch; \$1,400,000 for the system of interceptor sewers; \$7,200,000 for construction of a new system of storm water drainage sewers and ditches and \$100,000 for sanitary sewer lines in the North Granite area.

Distributors License Arrests By GC Police

Arrest tickets were issued Tuesday by Granite City police to Mitchell Janick, 38, of East St. Louis, and Jack R. Smith, of 4204 Breckenridge Lane, for not having city distributor's licenses.

Smith is the driver of a soft drink delivery truck and Smith drives a parcel delivery truck. Smith posted \$36 cash bail until Saturday. Janick pleaded guilty and was fined \$5 and costs.

No Crossing Of Madison Avenue Median Allowed

Madison police are warning motorists that no "U" turns will be permitted on Madison avenue, and that no vehicles will be allowed to cross the raised median strip except at openings, such as at intersections.

"Anyone coming through an alley will have to make a right turn onto the street, drive to the next corner and then turn right or left only, without a U turn, if he desires to go in the opposite direction," a spokesman for the police department said today.

The police plan to continue issuing warnings for a short period of time. Then, "in the very near future," arrests will be made for turn and median violations.

Penalties provided by state law are a fine of \$1 to \$100 for the first conviction on such an offense, \$25 to \$200 for a second conviction within a year, and \$100 to \$300 for a third conviction within a year.

wagered on horse racing. Half of this money goes into an Agricultural Premium Fund for county fair prizes and rehabilitation of fair grounds, and the other half into a Fair and Exposition Fund to finance and maintain exposition buildings.

An effort will be made to ascertain how much state funds would be available to the bi-county area for initial construction, as well as for maintenance and operations. The Chicago exposition hall drew \$7½ million from this fund, and issued an additional \$25 million in revenue bonds to be retired out of rentals.

Attending yesterday's meeting besides Chairman Smith and President Morris, were State Rep. Lloyd "Curly" Harris, Granite City; Senator J. O. Monroe, Collinsville; Senator D. P. Friedrich, Centralia; Senator John G. Gilbert, Carbondale; Donald W. McLean sr., Edwardsville, and Mrs. Nina Henkhaus, Bethalto, all members of the commission, and Dr. Clarence W. Stephens, SIU vice-president.

with high speed cargo handling machinery, storage facilities and the potential of industries locating on the 14,000 acres of land available near the harbor site.

The decision to proceed with the initial operation was made during a noon meeting here yesterday. Port commissioners in attendance were Ruff, H. D. Karandjoff, Joseph Grant, and William Beatty. Commissioner Harold R. Fischer, who was out-of-town, had reviewed the project earlier and signified his approval.

New Overpass Opened At Mitchell Yesterday

One of the most dangerous railroad grade crossings in Illinois was eliminated yesterday with the opening to traffic of a highway bridge over the tracks of three railroads at Mitchell.

Constructed at a cost of \$33,600,000, the bridge on Interstate Route 270 which provides a bypass for Interstate Routes 55 and 70 around the north portion of St. Louis, Interstate 270 starts at the intersection of Interstate Routes 55 and 70 near Troy.

The bridge is the first section of Interstate 270 to be completed, although some paving work on the route is under contract. A bridge over the Mississippi River at a point north of the present Chain of Rocks bridge will be built as part of the route. Six sets of tracks operated by the Gulf, Mobile & Ohio, New York Central, and Wabash railroads, a county road and Illinois Route 3 are covered by the divided four-lane bridge which is approximately two-thirds of a mile in length.

Hypnosis Talk Tonight

Sister Theresa of St. Elizabeth Hospital will speak on "Hypnosis" this evening at 7 o'clock in the meeting room of the hospital. The talk was arranged by the Isabel Bevier unit of the Madison County Homemakers Extension Association, and their guests will be the Trio unit and Granite City unit. Refreshments will be served after the meeting by members of the Isabel Bevier unit.

Home From Hospital

Miss Mary Lou Widdows, 3316 Franklin avenue, is convalescing at home where she returned today from St. Elizabeth Hospital. Miss Widdows, daughter of Mr. and Mrs. Wilson Widdows, has been hospitalized since June 3, with a severe asthmatic and lung condition. She is planning shortly to move to the western states for a trial period.

Area DeMolays To Serve At Marion Installation

Nineteen members of the Granite City DeMolay chapter, led by Master Counciler Larry Whitsell, will be in Marion Saturday for the institution of a DeMolay chapter there.

The Quad-Cities group will confer the DeMolay degree and the Belleville Tanager chapter will confer the initiatory degree. The program also will include a banquet and installation of new officers.

Charles Meyer, Robert Holton and James Stuart will accompany the local group. Local DeMolays making the trip will be: Larry Whitsell, Larry Lipe, Charles Milhouser, David Todd, James LeGrand,

David Wilson, William Noud, Robert Maxwell, James Rucker, Gerald Lux, Randy Stegelmeyer, Vernon Stark, Charles McConnell, Robert Haldeman, James Thies, William Prewett, Rogers Santagato, William Henley and Michael Hogan.

Rev. Sabo Receives Doctorate Degree

Rev. Robert Eugene Sabo sr. was graduated this month from Emory University in Atlanta, Ga., it was learned here this week. Rev. Sabo received his

doctorate degree. He is the son of the late Mr. and Mrs. Paul Sabo, sr., and received his early education in the local schools. For the past several years, he has been pastor of the Methodist Church in White, Ga., where he lives with his wife, Martha, and

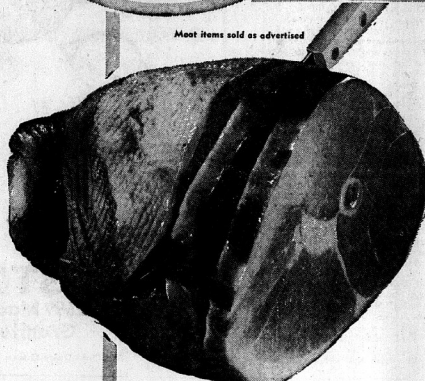

three children, Robert jr., Donna Malinda and Tammy Lynn. Rev. Sabo conducted revival services at the Gospel Mission on 20th street last July and August.

Nine Area Accidents Cause Two Injuries

Nine accidents reported in the Quad-Cities area this week in which injuries occurred. A Granite City woman was injured when the car in which she was riding was involved in a collision, and a Lake drive man was injured when his auto struck another vehicle.

Mrs. Janice Elders, 26, of 254 Benton street, was treated Tuesday at St. Elizabeth Hospital for a cut on the right side of her head. She was injured when autos driven by her husband, Richard Elders, 31, and Michael C. Mitchell, 15, of 2518 East 24th street were involved in an accident at 26th street and Edison avenue.

Mark Vinson Thorpe, 57, of 4144 Lake drive, was arrested early this morning on charges of reckless driving and having no driver's license. He was treated for a cut lip at St. Elizabeth Hospital.

Police said his auto struck another parked near 18th street and Edison avenue, knocking it considerable distance and causing it to skid down a utility pole, knock down a parking sign and come to rest against a second utility pole. The parked auto belonged to Donald Levall, 47, of Mount Vernon, Ill.

He was freed on \$47 bond for a hearing tomorrow.

between unions and municipalities; while Merle Bassett, attorney for the sanitation workers and union, pointed out the contract with the union is a collective bargaining agreement which has been recognized by the city for a number of years.

Bassett also stressed the city failed to negotiate with the union in canceling the jobs of the 19 department workers. Their average age is over 50 years and they'll experience difficulty in finding other jobs," Bassett said.

Several of the aldermen testified the private contract did not necessarily mean an economy move by the city; and Contral Dooher was called upon to give cost figures for the 1961-62 fiscal year operation of the department.

Stressed during the hearing was the city's contemplated sale of sanitation department equipment for which bids already have been received.

The private firm, United Disposal Corp., plans to operate five trucks with one man on each truck to make daily collections in the city, and plans for routings to be started July 2 are now being prepared.

Madison County Shares In Mental Health Grants

Grants amounting to \$2,058,057 for community mental health clinics and special mental health services were announced today by Gov. Otto Kerner. Included is a grant for Madison County Mental Health Clinic of \$53,000 with centers at Granite City and Alton.

None of the mental health attention comes from the General Revenue Fund. The bulk of the money comes from the Mental Health fund which is appropriated from funds collected from patients and their relatives for care in state mental institutions. Of the total, \$289,700 represents federal mental health funds.

Three Arrested Here On Missouri Theft Charge

Deputy Sheriff Tony Petrillo of Granite City arrested three men Wednesday on warrants signed by Sheriff Kelly Sale of Ozark county, Mo. The men are Clarence Carahan, 19, of 2501 North street, Alfred Shupinski, 27, of 2549 North street, and Randall Bloodworth, 19, of 2545 North street.

It is alleged that they stole some fishing equipment in Ozark county last weekend. Carahan and Bloodworth were released today on \$1000 property bonds and Shupinski on a \$2500 property bond by Justice of the Peace Harry Hartman.

Granite City Firms Share In Foreign Aid Funds

Granite City firms received \$297,159 in foreign aid funds for providing goods and services during the period of January 1959 through December 1961, the U. S. Agency for International Development reported today.

State wide, firms in 62 Illinois communities received a total of \$121,178,586 in such funds. Under the current AID program, some 80% of the money used for grants and nearly 100% of the funds for commodities financed through loans are spent in the U. S.

Sequoiacentennial Ball Date Set For Sept. 8

Mrs. Austin Lewis of Madison, chairman of the Sequoiacentennial Coronation Ball met with members of her committee yesterday in the board of supervisors office, Edwardsville.

Preliminary plans were made for the event in the county-wide celebration, scheduled to be held Saturday evening, Sept. 8, in the Mineral Springs Hotel ballroom, Alton. Admission is by invitation only.

The ball will serve as the first formal introduction of the Sequoiacentennial Queen, as yet unselected, to the representatives of the Madison county communities. Subsequent plans will be made at a meeting of the committee set for next week in Alton.

Typewriter, Batteries, Mower, Wallet Stolen

Two "confidence men" obtained a beige portable typewriter valued at \$112 from the Pace Hardware store, 158 Broadway, at 12:20 p.m. yesterday, Venice police were notified.

One took the typewriter while the other kept the proprietor, Alfred Pace, busy demonstrating an electric fan in another part of the store. He discovered the thief after both had departed.

The prospective buyer having decided against purchasing the fan, five parked autos were looted morning and early Tuesday, police were informed Tuesday morning.

They were a 1954 car owned by Rube Payne, 222 Grand street; 1951 auto, Gene Downs, 1106 (rear) Market; and a 1930 car owned by the Ball family, 2009 East 20th street.

A green power lawnmower with 18-inch blade was stolen from the back yard of the home of John Kopschak, 1021 Madison avenue, on the night of June 14 or 15, he notified Madison police Monday evening.

While Mrs. Josephine Kessler, of 3013 Russell street, was working in her basement Wednesday morning her home was entered. A billfold was taken from her purse. It contained photographs of her grandchildren, \$5 in cash and some personal papers. The woman said the photos are irreplaceable and she is appealing that they be mailed back to her.

Mrs. Freida Heiges of 3201 Rodgers avenue reported Wednesday that a quantity of welding equipment was stolen from her garage. Her husband is stationed with the Army in France and she did not have a description of the goods, nor did she know exactly when it was taken, police said.

Former Madison Man, Joseph Pasek Sr., Dies

Joseph Pasek sr., 78, a retired bakery owner, died at 7:40 p.m. Wednesday, June 20, at St. Mary's Hospital, East St. Louis, where he was taken 10 days ago from his home, 2109 North 49th street in East St. Louis. He had been under medical care.

Mr. Pasek, a native of Poland, had lived for eight years with a son, Peter, at 939 Greenwood street, Madison, before moving to East St. Louis about a year ago. During world war II, he had worked in Armour Packing Co.'s East St. Louis plant. Before the war he had run a bakery shop in East St. Louis for about 32 years. He was a member of St. Adalbert's Catholic Church in East St. Louis and Polish National Alliance group 627.

He is survived by two sons, Peter J. of Madison and M/Sgt. Joseph Pasek jr., Schilling Air Force Base, Salina, Kans.; a daughter, Mrs. Veronica Beranek, East St. Louis; and 12 grandchildren. He was preceded in death by his wife, Catherine, and three children, Helen Clara and John.

Funeral arrangements are given in today's obituary column.

C. of C. Drive Nets 61 New Members

Sixty-one new Tri-Cities Chamber of Commerce memberships have been signed to date, C. of C. President Chester L. Baker announced this morning. Re-signing teams and other membership-drive officials met at the YMCA this morning for a wrap-up breakfast.

Three of twelve teams have yet to report, he said, and additional memberships are expected as a result of a special advance effort and follow-up calls. Last year at this time only 29 new members had been gained.

Top individual salesman Herman Schroeder and other members of Walter Rozved's top-selling team, the second selling team and the second-high selling individuals will receive prizes for their efforts.

Schroeder, who signed six C. of C. memberships during the two-day drive, was awarded a \$40 certificate and a \$10 certificate for his work as high-selling individual and for selling more than five memberships.

Members of Rozved's top-selling team — Robert Branding, Elvin B. Simpson, Robert Backs, B. C. "Bud" O'Neill and Schroeder — will receive a steak dinner and box-seat tickets for a Cardinal game. They signed seven memberships apiece.

Six men tied for a second-high seller — Raymond Henley, Christ Paschoff, Arthur Hoff, Stanley Schermer, Walter Rozved and James R. Kenney — will divide among themselves for a \$20 and a \$10 merchandise certificate. They signed three memberships each.

Frank Mink is only 5-feet-7 and 160 pounds. He is a Notre Dame halfback from Vandergrift, Pa.

Subcommittee Chairmen Meet At Edwardsville

A meeting of the chairmen of subcommittees of the Southwestern Illinois Area Study commission was held last night at the Edwardsville campus of Southern Illinois University to clarify

the types of assignments the subcommittees will be handling. It was decided to hold a meeting of all subcommittees July 10 in the exact time and place will be announced at a later date. Subsequent meetings will then be held by subcommittees.

The names of the chairmen selected to head the subcommittees were announced this week by State Rep. Paul Simon of Troy, chairman of the commission. They are as follows:

Government services, Mayor Charles E. Nichols of Belleville; education, Dr. Clarence W. Stephens, president of Illinois university; economic development, Kenneth Johnson of East St. Louis, former president of the East St. Louis Chamber of Commerce, and a member of the State Board of Economic Development, sewer and water supply, Charles Sheppard sr., Alton engineer; air pollution, the Rev. William Warner of East St. Louis; housing, Harry Hemphill, Alton real estate dealer; governmental finances, Dr. Leo Cohen, SIU government finance expert; recreation and conservation, Leonard J. Schwartz of Edwardsville, former director of the Department of Conservation of the State of Illinois; highways and transportation, Harry A. Kluge of Collinsville, county superintendent of highways; cultural affairs, Burton Bernard of Granite City, attorney and former president of the Madison County Historical society; land use, Leo Obermayer of O'Fallon, a member of the St. Clair county board of supervisors; and hospitals and health services, Dr. Hubert Allen, M.D. of Alton.

Membership of the subcommittees will be announced next week.

State Employee Plan For UF Gifts Outlined

Rules to govern contributions of state employees to the United Fund and local community chests through payroll deductions were announced today by Michael J. Howlett, state Auditor of Public Accounts.

A new law, Senate Bill 800, enacted by the 72nd Illinois General Assembly, makes it possible for the state to check off United Fund and other contributions from paychecks of state employees when authorized by the employee.

Although no appropriation was voted to cover the increased cost to the auditor's office, the auditor is able to pay for it with a part of the savings resulting from a reorganization of the office.

Rules and regulation for the payroll deduction, prepared by Howlett, have been approved by William G. Clark, attorney-general. It is entirely optional with the employee whether or not he wishes to use the payroll deduction service.

An employee who wishes to pledge direct payment, without payroll deduction, may continue to do so as he has in the past. Employees who wish to use the payroll deduction must sign a card authorizing the deduction, indicating the amount to be deducted in each pay period and the organization to which it should be credited.

The employee may revoke the authorization at any time, on 30 days' notice, by submitting a revocation card.

The minimum deduction allowable is 50 cents per month. There are 170 funds or chests in Illinois which qualify for payroll deductions under the new act. To simplify administration, United Community Services, of Springfield and Sangamon county, has agreed to act as transmittal agent for all funds and chests which authorize the agency.

Payments will be made by the Auditor to United Community Services, which then will distribute the money to the local organizations.

A seminar for all fund and chest solicitors will be conducted by the Springfield organization of United Fund on June 27, at the Leland Hotel, in Springfield. Howlett will give the opening address.

Auditor Howlett also has accepted the chairmanship of the state division in the 1962-63 United Fund campaign in Sangamon county.

ASCS Elections To Be Held July 1 To 25

The state office has announced that the Madison county Agriculture Stabilization and Conservation elections will be held July 1 through 25, for electing community ASCS committees, for 1963. The exact date for each township election will be announced at a later date. The county convention will be held July 30, and the new community committees and the county committee will take office Aug. 1.

There will be a meeting of all community chairmen on Thursday, June 28, at 1 p.m. at the Farm Bureau Building in Edwardsville. The purpose of this meeting is for instruction on election procedure and for making election arrangements.

Engineer Depot Needs Machine Operator

The Granite City Engineer Depot is in need of an experienced accounting machine operator. The entrance rate of pay is \$4345 per annum, with vacation, sick leave, and other benefits. Information as to experience requirements may be obtained at the Civilian Personnel Office of the Depot, Glenview 2-7800, Station 387.

It is estimated that 40 per cent of the area of continental United States receives too little rain for agricultural purposes.

Joint Amvets Post 187, Auxiliary Installation

A joint installation of officers was held Tuesday night by Long Lake Amvets Post 187 and Auxiliary. Installing officer was Elmer Bretsch, Second District Commander.

James DeRosette was installed as Post 187 commander, with Neal Melton as senior vice-commander. Installed as president of the women's auxiliary was Mrs. Thelma Woods, while Mrs. Ger-

ry Dowdy was installed as senior vice-commander.

Other Post 187 officers installed were Tom Sladoff, adjutant; Sam Dimura, finance officer; Ralph Dunham, service officer; Robert Robinson, public relations officer; Robert Dunscomb, provost marshal; Russ Orider, judge advocate, and Gaylon Woods, chaplain.

Other Auxiliary officers in-

stalled were Mrs. Leona Clemens, junior vice-president; Mrs. Joy Geggus, secretary; Mrs. Mary Dimura, treasurer; Mrs. Marie Freise, chaplain; Alice Hackney, sergeant-at-arms; and Mrs. Doris Forshee, public relations and liaison officer.

Initial Report On Local Fallout Shelters Given

The Granite City Civil Defense Advisory Council held a briefing last night in the Civil Defense Training Center, 1411 Nineteenth street, attended by Mayor Leonard R. Davis, CD Director Victor H. Koenig, who reported on results of the Phase One of the federal shelter survey program conducted in April by architect-engineers.

City, which were inspected during the initial phase of the survey have been evaluated by the U.S. Army Corps of Engineers as strong possibilities for community shelters and will receive additional investigation. Orally reported on results of the Phase One of the federal shelter survey program conducted in April by architect-engineers.

Suitable shelter locations will be marked and stocked with federal provided food rations, water containers, first aid kits and medical supplies, radiological detection equipment and emergency sanitary facilities. Koenig said additional supplies such as blankets, cots, rescue tools, and a method of communication, either telephone or radio, are the responsibility of the local municipality.

To qualify as an accredited CD organization, under new requirements, CD groups must initiate training of shelter-managers, first aid workers and radiological meter-readers for assignment in the area where shelters will be established. Accredited CD organizations are eligible to receive matching funds on purchase and Home Defense.

ases and training projects, and surplus equipment at low cost, among other benefits. Koenig announced that Rev. Lawrence J. Mattingly, will serve as assistant director of health, welfare and education, replacing O. H. Williams, who resigned due to leaving town, and Milton W. Worthen, who replaces William Warfield as assistant director of engineering and supply. They join the staff of three additional assistant directors, Theodore Todoroff, Defense and Protection, Floyd T. Mitchell, Warning and Communication and Mrs. Valerie Evenden, Administration.

Workshop Set For July 11th On Uniform Traffic Controls

George H. Shanahan, district engineer of the East St. Louis District of the Illinois Division of Highways announced today that on July 11, 1962 the Illinois Division of Highways will conduct a conference or workshop on the subject of Uniform Traffic Control Devices at the Dutch Girl restaurant in Belleville from 9:30 a.m. to 4:30 p.m. Invitations to this conference

will be necessary in signs and markings in Illinois to comply with the new "Federal Manual on Uniform Traffic Control Devices for Streets and Highways." There will be discussions on what action the various governmental agencies will take to bring themselves into compliance with the provisions of the new manual. Conferences of this nature will be held by all the highway district offices in the state of Illinois and it is hoped that through these conferences a cooperative spirit will be developed in obtaining uniformity throughout the state of Illinois. It is intended that this manual will be

GC Seeks \$45,000 MFT For Sewer Cleaning Project

A resolution asking the state highway department to permit the use of \$45,000 motor fuel tax funds for sewer cleaning was placed on first reading Monday night by Granite City council members.

The city plans to launch an annual program of sewer cleaning with motor fuel tax funds, provided the state authorizes the use of the funds. It has been suggested by City Engineer David Johnston that bids be sought from sewer cleaning firms on a yearly contract basis.

Motor fuel tax funds may be used to clean sewers that carry storm water off arterial streets, and the initial program for cleaning is centered in the downtown business district.

Sewer lines to be cleaned under the proposed program are along Adams street from Niedringhaus avenue to 21st street; along 18th, 19th, 20th, 21st and 22nd streets between Madison avenue and Adams street; Benton, Edison and State street between 18th and 22nd street—west of Delmar avenue; between Delmar and Edison, between Edison and State, between State and Grand and between Grand and Madison avenue.

The alley between Adams and Benton streets and east of Benton street, between Niedringhaus avenue and 22nd street; and from 18th to 22nd street—west of Delmar avenue, between Delmar and Edison, between Edison and State, between State and Grand and between Grand and Madison avenue.

The resolution was opposed by Aldermen Samuel Whitmer and Edmund Baroski, who have urged that motor fuel tax funds be reserved for street improvement projects.

GC Firm's Economist Sees Cautious Expansion

While business statistics for the most part remain favorable, businessmen and consumers "will probably tend to be more cautious in the coming weeks and months," predicts economist Arnold C. Schumacher of Chicago Title and Trust Co., a firm with offices in Granite City serving Madison county, said this week.

While the expansion may continue, there is good reason to question whether any real vigor will assert itself in the present atmosphere," he added. Chicago Title and Trust closely studies the real estate market and business trends in Madison county in connection with its real estate title insurance service here.

Business statistics as a whole are favorable, he said, although the recent stock-market break presents an uncertain factor.

"The dramatic break in the stock market was heavily influenced by a fear that the business recovery would not generate sufficiently higher corporate earnings to justify the high prices at which most stocks were selling," he pointed out. "Once the weakness developed it fed on itself, aggravated by bank borrowing based on stock collateral. When the shrinkage in values dictated that borrowers provide more protection, many were unable to do so and saw their stocks liquidated. This added to the selling away."

Recent business statistics are "quite favorable," the economist said. Retail sales for April showed a four percent gain over January, the Federal Reserve Index of Industrial Production reached a record high in April and automobile sales are running well ahead of last years. Personal income continues to rise.

Check clearings are running at record levels, individual savings continue to rise at an unprecedented rate, savings deposits at commercial banks continue to rise and there is little or no evidence of excessive borrowing.

Added Street Lights To Boost City Budget

With installation of 11 additional street lights approved Monday night, Comptroller John Doehner advised Granite City council members it was likely the new budget for street lighting would have to be revised upwards because of the large number of lights authorized in the past year.

The city is in the process of preparing its budget for the 1962-63 fiscal year, which started May 1.

The new lights approved are to be located in the center of the 4000 block of Melrose avenue, at Riviera drive and Miami court, the center of the 2500 block of East 27th street, and the following locations in the North Granite area:

At Nemicki drive and 27th place, 723 Twentyseventh place at the end of the block and along Circle drive at 26th street, at 27th place, 26th place and 28th street, 26th place and 26th Circle drive.

Blacktop Bids Sought

Sealed bids are being sought by the Granite City school district on blacktop work, roof repairs, a bond for the school treasurer, art supplies, industrial education supplies, trainer supplies and glass. The deadline is 4:30 p.m. next Tuesday, June 26.

Walker Venice Police Summer Replacement

Ed Walker, 509 Weaver street, former Madison high school athletic star and now a sophomore student at St. Louis University, this week began work on the Venice police department as a summer vacation replacement.

A member of the St. Louis U. basketball squad, Walker will devote his time this summer to accepting radio and telephone messages, dispatching police cars, preparing reports of crimes and accidents, and answering inquiries from persons visiting the station to obtain information or submit complaints.

He has been assigned as the department's "desk man" during afternoon and evening hours, and his first day on the job was Monday.

Local Pupils' Physical Prowess Above National Average

Granite City school pupils apparently scored well above the national average for all events in all grades during annual youth fitness tests this spring, it was learned today from Miss Barbara Kerch, director of the elementary physical education and the girls' physical education program in Junior high schools and Granite City high school.

A mean score for each event is being developed by the school staff this summer for each grade (fifth through ninth) and each event, Miss Kerch said. The final averages have not yet been determined.

In announcing the 1962 youth fitness honor rolls, Miss Kerch said it was necessary for a child to score in the 90th percentile in each of the seven events to qualify for the list. Students in the 80th percentile or higher in all events were considered honorable mention.

The test battery consisted of pull-ups (modified for girls), sit-ups, a standing broad jump, 50-yard dash, 30-foot shuttle run, softball throw for distance and 600-yard walk-run.

Pull-Up, Throwing, Difficult. Although many qualified in all events, many more were "near-misses," Miss Kerch reported.

State Public Aid Shows Increase Over Year Ago

The trend in Illinois public aid payments—aid amounted to an average of \$42 for 7874 Madison county residents in April—has been upward in recent months, Illinois Public Aid Commission records show.

Average individual payments throughout the state during April amounted to \$52.72 for 90,136 persons receiving general assistance, compared to \$41.72 a year ago.

The 66,876 on old-age assistance averaged \$82.45, compared to \$78.10 a year ago; 275,219 on aid to dependent children, \$44.28, compared to \$39.80; 2876 blind persons, \$91.35, compared to \$88.19; and 26,257 disabled persons, \$97.73, compared to \$97.65. All of the programs except general assistance are helped by federal funds.

Number Also Higher Than 1961
The state's report reveals the first decline since last September. Recipients for all programs numbered 661,255, a drop of 7445 from the previous month's total of 668,700 but still 7.3 % larger than the April 1960 caseload of 624,925.

Peter W. Cahill, IPAC executive secretary, lists April assistance payments of \$25,229,091, compared with \$25,491,935 in March and \$21,217,255 in April 1961.

The Madison county report shows \$332,950 paid to the 7874 receiving aid. Included in April were \$166,863 to 4515 under aid to dependent children; \$88,926 to 1151 under old-age assistance; \$49,814 to 1866 on general assistance; \$23,047 to 289 on disability assistance; and \$4,470 to 38 receiving blind assistance.

At the state level, general assistance declined in April for the third month to a total of 90,136 persons, the lowest since November 1957. This represented a drop of 13,684 from the March total of 103,820 persons.

Transfers To Federal Aid
Cahill said this decline was due to continued transfers to the federally-aided programs and to seasonal factors. He also pointed out that during the past 12 months, general assistance fell by \$1,245 persons or 47.4%, with Cook county dropping at a faster rate than downstate—49.8% as compared with 43.6% downstate.

General assistance payments for April totaled \$4,751,850 per person as compared with \$5,241,223 and \$50.65 in March and \$7,150,232 and \$41.72 in April 1961.

The downturn in old-age assistance continued, dropping another 378 persons in April and bringing the total to 66,876, which comprised 6.9% of the aged population of the state.

The steady monthly declines throughout the past year have reduced old-age assistance rolls by 3754 persons or 5.3%—3,215 or 7.8% downstate and only 541 or 1.9% in Cook county.

In March there were 67,254 aged recipients and in April 1961, 70,630. Assistance for the aged in April amounted to \$5,513,701 and averaged \$82.45 per person as

GC Township Costs Total \$7382

Township disbursements totaling \$7382 were approved Monday night by Granite City council members in their capacity as the town board of auditors of the total, \$7382 was for relief and \$1602 for town operations.

The relief disbursements consisted of \$333 for food, \$1009 for medical care, \$124 for rent, \$34 for utilities, \$447 for funeral, \$180 paid to Pin Oak township and the following administrative costs:

Half-month salaries for two office workers, \$35; caseworker travel, \$25; janitor service, \$45; telephone, \$52; and printing, \$64.

Town fund expenditures were—\$782 half-month salary total for the supervisor, assessor, chief deputy assessor and full-month salary for the attorney; \$30 per diem for the town clerk, \$430 for pay for four deputy assessors, \$50 for supervisor travel, \$50 for assessor travel, \$58 telephone

Public Aid Decreases In State During April

Illinois public aid rolls declined in April for the first time since last September. Recipients for all programs numbered 661,255 in April, a drop of 7445 from the previous month's total of 668,700, but still larger than the April 1961 total of 624,925, according to the Illinois Public Aid Commission.

Assistance payments for April amounted to \$25,282,991, including \$332,171 paid to 7874 persons in Madison county.

What are you staring at?

Haven't you ever seen a station wagon before?

Breaking traditions is a kind of a thing with Volkswagen. They once introduced a car that looked like a beetle. So they felt that a Volkswagen Station Wagon ought to bring something new to the party, too.

It's one and a half people or a small elephant. And it's only 9 inches longer than a Volkswagen Sedan.

For elephants, play pens and pianos, there's a doorway almost 4 feet wide. And for long things like a tree, you get a hole in the roof. It not only lets the tree out but the sunbather in.

You get the headroom of a bus. And 23 inches down to look out of. And a sun-roof. (Moon-roof after dark.) And for \$564 more, a walk-in trunk so you can easily own the children. What does it sell for? With regular seat, \$2,368.00.

Maybe you've never seen a station wagon before, at that.

NRA Expert Medal To Granite Cityan, Charles McConnell

An expert rifleman medal, sec-
ond highest award in American
qualification shooting, has been
won by Charles McConnell, 3013
Wayne avenue, the National
Rifle Association has announced.
Shooting several hundred tar-
gets in the past few months, the
new expert marksman fired his
way through 13 lower NRA qual-
ifications to achieve his new high
rating.

With one more set of targets
to fire, McConnell may set up
rating to distinguished expert
rifleman, the top qualification
rating for U. S. shooters.

McConnell, a member of the
DeMolay Hotshot rifle team,
fired his qualifying scores under
the tutelage of Roy Williams.

A wall is being torn down to
enlarge two small rooms into a
single large unit to house new
equipment that is expected to ar-
rive shortly.

Whalen said four new sets of
weights have been purchased and
an Olympic set has been ordered.
He said there will be full-time

Hearts Need Victory Sunday To Hold 2nd; Mercer Team On Road

Sacred Heart needs a win over
Collinsville in Inter-City baseball
league competition at Wilson
Park Sunday to maintain its
second-place Red division stand-
ing. A Hearts loss and Maryville
win would throw the two teams
into a tie for the runner-up spot
in the division.

Mercer Funeral Home, which
moved into a tie with Pocatohas
for second place in the Blue
division as a result of last week's
games, could gain sole possession
with a win at Roxana.

Pocatohas will play the Troy
Redbirds, a team which got its
first taste of league victory with
a surprise 5-4 win over Sacred
Heart last week.

On the basis of past perfor-
mance, the Boosters could give
the Granite Cityans a tussle in
the Wilson Park contest, which
is set for 2:30 p.m.

In a May 20 meeting at Col-
linsville, the local team escaped
with a narrow 6-5 win. The
Boosters have won only two
games while losing six thus far
in the league race, while Sacred
Heart has a 4-3 record.

Statistics would give Mercer
an easy victory at Roxana, a
team which has yet to win in
nine league contests. Mercer
goes into the weekend with a
5-3 record, and could close to
within a single game of league-
leading McAteer Glass should
the East St. Louis team lose at
Carpenter.

Moore Undeclared

Red division leader Moore
Lodge takes its undeclared re-
cord against Maryville, which is
five games off the pace with a
3-4 record. The Moose beat
Maryville 5-1 in an earlier game
at the home park of the Red Sox.

The league has four weeks re-
maining before the July 15 All-
Star game at Jones Park, East
St. Louis, where the Blue divi-
sion nine will be the home team.
Playoffs are scheduled to be-
gin in each division Sept. 16,
with the President's Trophy
games set for Sept. 30, Oct. 7
and Oct. 14.

Alt-Wood Tops VFW 21-7 In 35-Plus Play

Alt-Wood Fuel jumped on
VFW Post 1800 pitching for 22
hits in 35-plus slow pitch soft-
ball league competition at Wil-
son Park Monday night, and
coasted to a runaway 21-7 vic-
tory.

Joe Bauer smashed two home
runs, driving four runners
across home plate for Alt-Wood.
Al Kutner also had a homer,
and "Baby" Arneling added
four hits, including a triple and
double. Rufus Kerner had two
doubles and two singles.

Alt-Wood scored three runs in
the opening frame, and then
added to the total in every in-
ning except the second. The
squad clinched the night's
scoring by pushing across seven
runs in the seventh inning.

VFW clubbers picked up 11
hits off Kutner, including dou-
bles by Al Knackstedt, Chuck
Schneke and Cy Walker. The
veterans scored twice in the
first inning and once in the
third, adding their final four
runs in the seventh.

Nick Pettilio worked five
innings on the mound for VFW,
allowing 13 hits. Don Altrich
came on in the sixth, giving up
14 hits in the final two frames.
Monday night's second game,
which was to have pitted the
Trust Bank against Club Del-
mar, was canceled because of
rain.

Judy Smith, midgets and
Mike Valencia and Roberto Ro-
jas, juniors.

Paddlers' Swimmers In SIWA Competition To Meet Area Teams

Swimmers from the Paddlers'
swim club will compete against
four area teams in Southwestern
Illinois Swimming Association
contests this summer. Manager
Keith Parker has announced.
The association competition is
to begin the first week of July
with conference championships
held at the Sunco Hills Country
club pool Aug. 3-4.

Parker said over 100 swim-
mers turned out for the club's
first practice session, and elimi-
nation contests are being held
to choose team members.

Paddler-swimmers will meet
teams from Lockhaven Country
club, Alton; Town and Country
pool, Collinsville; Summersport
pool, Alton; and the Highland
pool.

Other members of the asso-
ciation are the Dorchester pool,
Belleville; the Montclair pool,
St. Charles; and the Sunset
Hills club.

TELEPHONE TALK

by George Mauze, Mgr., Granite City, Illinois

REPAIR SERVICE

The next time you get a bill to cover repairs on some appliance in your home or for replacing parts in your auto, take a long, appreciative look at your telephone.

Considering the amount of usage it gets, the telephone is an amazingly trouble-free mechanism. The majority of our customers seldom need to have their phones repaired. Should trouble develop from normal usage, however, repairs are made quickly and without additional charge.

Good, fast repair service comes about because telephone people genuinely feel their job is important. This "spirit of service" is found all along the line. Kind of old fashioned, but it's there.

This is just another reason why you can count on your telephone when you need it most.

TELEPHONE TEAMWORK

Frequently, in this column, you have heard me mention that telephone service provided by the Bell System is "nationwide" in scope.

It is nationwide. There are Bell companies in every state. But all telephone companies are not Bell companies by any means. As a matter of fact, one-sixth of the telephones in the United States are operated by some 3,200 neighbor companies.

Here in Illinois there are 198 telephone companies besides Southwestern Bell. We do not compete with these companies. We connect with them. Their lines are joined to ours to carry Long Distance messages. Thus, if you are served by a company not a part of the Bell System, you can still be connected with practically any telephone in the United States.

Day by day teamwork between telephone companies enables practically anyone, anywhere in the country to pick up a telephone and talk to anyone, anywhere else, clearly and quickly. This is a fact of great importance in the interest of furnishing our nation the finest communications system in the world.

TWENTY-FIFTH ANNIVERSARY

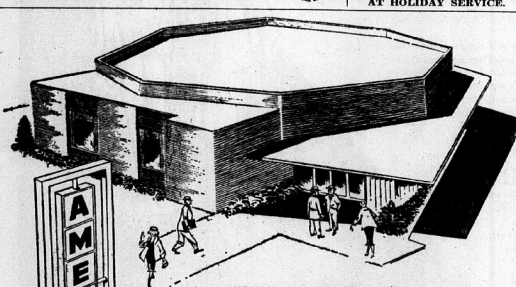

May 24th was a memorable day for one of Granite City's favorite daughters. That was the day that Martha Ruth Thomas celebrated her twenty-fifth year of continuous service with the telephone company.

Martha Ruth began her career as an operator. In 1948 she was promoted to a service representative in the business office. Her service with the company has been worthy of real recognition.

Martha Ruth's ability to get along with people is outstanding only by her thoughtful and cheerful manner. We, in the telephone company, as well as her many friends and acquaintances, extend our congratulations.

Call by number. It's twice as fast.

Boy, 11, Has Unusual Collection of Pets

Larry Schwertman, 11, son of Mr. and Mrs. Charles Schwertman, of 2882 Indiana avenue, has accumulated an unusual collection of pets for a boy his age. He has been interested in wild life ever since he was six years old and is constantly on the lookout for new specimens. Recently he caught two small lizards at Glen Carbon. Both have laid eggs since. He also has an expectant guinea pig, a garter snake, 15 turtles of assorted species, tropical fish and a horned toad.

Mrs. Schwertman said the boy knows his species quite well and also collects moths and butterflies. He likes to collect coconuts and keep them until butterflies emerge.

One of the latest additions was a baby skunk. Its mother had been killed by a dog and the animal did not yet have its eyes open. It was bottle fed for a time but died.

Mrs. Schwertman did not approve of having snakes about the home until a nephew who is studying biology in college assured her their pet was a harmless species.

Larry is a fifth grade student at Nidringhaus school. His mother says he, too, probably will study biology.

He recently finished cub scout and has joined Boy Scout Troop Six of Concordia Lutheran Church.

Area Escapes Serious Damage In Monday's Storm

The Quad-Cities escaped serious damage in Monday evening's severe weather, although tree limbs were blown down throughout the area by strong winds which continued for more than an hour.

An Illinois Power Co. official said damage to power lines was not extensive, and no main power circuits were broken. Falling branches caused breaks in two street light circuits, one at Fifteenth street and Madison avenue and one in Brooklyn.

A power interruption of approximately 20 minutes duration earlier in the afternoon in the Wilshire Manor subdivision was caused by a blown transformer, he said. The power went off there at 5:20 p.m.

A small utility building belonging to M. H. Wolf & Co. was damaged when blown into the street in the 2300 block of Adams street.

Granite City police reported calls from the 2200 block of Benton street and the 2400 block of Sheridan avenue where wires were down. Limbs were blown down in the 3000 block of Dale avenue and the 2300 block of Edwards street, and a tree fell across the alley at the rear of 2430 Delmar avenue.

A police radio tower was blown off the Venice city hall roof at 1:15 p.m. but caused no injuries.

The fall to the lawn and a concrete driveway being slowed by a guy wire that had helped hold the structure onto the roof.

The tower landed on the east side of the two-story building.

The large metal antenna was damaged, and the freak mishap halted the police department's in-to-point radio transmission. Temporary repairs were made.

The next day by a radio engineer. Strong winds continued in Venice for more than an hour. A tree was blown down at 8:20 p.m. at 645 Mercedia street, carrying with it a 220-volt power line, and a similar incident occurred 20 minutes later at 315 Weaver street.

Police were checking scattered reports of fallen wires in North Venice at 9:20 p.m. when tree and wires were blown over at 1313 Market street. A tree was felled at 1226 Market street at 9:35 p.m.

Tree limbs were blown down in Madison during the evening, but the force of the wind appeared to be less than in Venice. No damage reports were received by Madison police.

Fines, Court Costs Total \$2047 in GC During May
Fines and court costs totaling \$2047 were collected during May. It was reported to the Granite City council Monday night by Police Magistrate Gasparovic.

Fines assessed and collected amounted to \$1204 and court costs totaled \$818. Old fines collected amounted to \$25. The report was referred to the controller.

Twilight Optimists To Set Installation Date
Members of the Twilight Optimist Club discussed plans for the coming year at a meeting at the Den restaurant Monday evening.

Mr. and Mrs. Charles Ellledge of Edwardsville road have been spending a few days at Sam Baker's State Park in Missouri.

Karen Clatts, accompanied by her grandparents, Mr. and Mrs. A. C. Knight of Glen Carbon, has been visiting in Arkansas.

The family of Mrs. Pauline Ziats, 2327 Fourteenth street, is attempting to learn the identity of two railroad switchmen who aroused neighbors when they saw a fire at the Ziats home shortly before 4 a.m. June 10. It is hoped to locate them so that the family can express its appreciation.

Mrs. Ziats and her son, Joseph, who resided with her, were asleep when the blaze of undetermined origin broke out. The switchmen saw flames coming out a window and spread the alarm, resulting in them being awakened promptly and firemen being summoned in time to save the outer structure. The interior of the dwelling was destroyed.

The two displaced by the fire currently are staying with a daughter and sister, Mrs. Rose Rice, 2044 Fourteenth street.

CROSS OF HONOR recipient Donald Partney (left) receives congratulations Tuesday night from James Stuart, chairman of the Granite City DeMolay advisory board, Charles Chapman, the other recipient, who was unable to be present for the ceremony due to illness.

Two Local Men Honored By GC DeMolay Chapter

Granite Cityans Donald Partney and Charles Chapman were honored with Cross of Honor awards Tuesday evening during a Public Investiture of the Legion of Honor at the Granite City Masonic Temple.

The Cross of Honor is an award from the International Order of DeMolay, for outstanding work as an advisor to a DeMolay chapter, said today.

Fourth Ward Alderman, had been an active worker for the local chapter. Two men have been members.

Chapman, the other Cross of Honor recipient, was unable to attend due to illness. He is a photographer at the Granite City Engineer Depot.

Seven Legion of Honor awards and four honorary Legion of Honor awards also were presented at the meeting. Honorary guest was G. Wilbur Bell, Champaign, southern Illinois representative to the International Supreme Council.

Community Coach Petition Taken Under Advisement
(Special from Springfield)
Taken under advisement by the Illinois Commerce Commission Tuesday was a petition by Community Coach Co. seeking authority to enter into an agreement with the Madison Avenue Real Estate Co., Inc. for a long-term lease of the present building and facilities in the 1600 block of Madison avenue now occupied by the bus firm.

ICC Examiner Frank P. Wiesemeyer heard the request made by George W. Stearns, president of Community Coach, which now is paying a monthly rental of \$1000 under a three-year agreement which expired July 1, 1961, and which has been continuing.

A 10-year lease is being sought at the annual rent of \$9000, or \$750 a month.

Coroner Verdicts Returned In Hansen, Doslak Deaths

Verdicts were returned Tuesday evening by Deputy Coroner Henry Pieper in the deaths of Joseph Edward Hansen and Daniel Doslak.

Accidental death due to a crushed skull was reported in the Hansen death. Hansen, 37, was killed instantly last Thursday night in a head-on truck-car collision on U.S. Highway 67a two miles north of U.S. By-pass 66-40.

Natural cause due to coronary occlusion was reported in the Doslak death. Doslak, 45, of St. Louis, a former Glen Carbonite, was dead on arrival at St. Elizabeth hospital after collapsing at the Granite City Steel Co. at 8:15 a.m. Tuesday, June 12.

Three GCHS Graduates Awarded Scholarships

Three graduates of Granite City high school have been awarded teacher-education scholarships, it was announced today by George T. Wilkins, Illinois superintendent of public instruction.

They are: James T. Harris, a January 1959 graduate, 2650 Adams street; Wayne Reading, a June 1960 graduate, 2517 East 24th street; and Diana Lee Perro, a June 1960 graduate, Box 965, Rural Route One.

Winners must have graduated in the upper half of their classes, according to Wilkins. The scholarships entitle them to instruction, matriculation, graduation, tuition and activity fees in the teacher education program.

Nash Promoted To GC Fire Capt.; Portell Hired

Leslie Nash, 40, of 3007 Marshall avenue, has been promoted to the rank of captain in the Granite City fire department. Chief Elijah King announced this week. He succeeded Zwyn Rodman who was retired last week at the compulsory retirement age of 65.

He has been a member of the fire department for 11 years and held the rank of driver for the past three years.

Nash is married and the father of two children. Robert Sanders, 34, of 2037 Dewey avenue, was promoted from the rank of fireman to driver to fill the slot left vacant by Nash.

He is the son of Mrs. Victor Portell, of 2631 Edwards street, and the late Vincent Portell. He is the brother of Circuit Clerk Willard Portell.

He and his wife, Carol, are the parents of three sons, Michael, 3, Danny, 2, and Jimmy, 9 months.

Portell was born and reared in Granite City and is a 1949 graduate of Granite City high school.

County Young Demos Elect, Plan For Fall

Support of the Democratic ticket in the November election, with special efforts for the U. S. Senate nominee, Cong. Sidney Yates, was pledged here Tuesday night by the Madison County Young Democrats.

During the meeting, held at the Rose Bowl, Dan Alexander of Alton was elected as chairman of the club, succeeding Terry W. Francis of Granite City.

Others elected were Donald Lawless, Alton, first vice-chairman; Bill Brandt, Granite City, second vice-chairman; Ronald Hillick, Granite City, secretary; Harry Chism, Granite City, treasurer; and members of the executive board, Francis, Harold Hillmer, Richard Allen, Henry Blinnick and Clyde Boyd, all of Granite City.

Robert Gibson of Granite City was named as the organization's delegate to the next state convention of Young Democrats.

Toastmasters Award To Charles Youngs

"Toastmasters' Club award of the week" went to Charles Youngs at a meeting Monday evening at the home of President Earl Tucker. Twenty persons attended the Ladies' Night affair.

Raymond Uram served as toastmaster and Dr. Leo M. Coleman as general evaluator. Speakers were Earl Lee, who discussed "Activities during the depression," and Charles Youngs, who spoke on "Do we still have Constitutional Rights?" Critics were Max Forbes and Steve Jones. Bloopers of the week award went to Earl Tucker.

The club's next meeting will be held in Wilson Park July 9 and will be a Ladies' Night.

Area Scouters Prepare To Open Camp Sunday

Approximately 800 Boy Scouts from troops in the Cahokia Mound Council are to attend Camp Sunnen, Polot, Mo., during the season which opens Sunday, according to Eugene Coe, council executive.

An accurate estimate is difficult to make, he explained, since reservations are made on a camp-site basis and officials have no individual estimate until about two weeks before the camping period starts.

Scouters attending one of the six weekly sessions running through Aug. 4 may participate in such activities as swimming, boating, canoeing, field sports, overnight trail trips into Clark National Forest and sleeping under the stars, scoutcraft, archery and nature study.

A staff of 27 adult and junior counselors will assist campers, Coe says. Equipment available for use under their guidance will include boats, canoes, tents, bows and arrows, rifles and axes.

Additions to the staff this year include a camp chaplain, who will conduct vesper services and direct Scouts in the God and Country award program, and a medical technician from Scott Air Force Base, Belleville, who will serve as camp health officer and direct first aid study. Three new cabins have been built to house the summer staff.

YOUTH OF THE MONTH

Cheryl Glolik, named for June by the Daybreak Optimist Club.

Sheryl Glolik Honored As Youth-of-Month

The Daybreak Optimist Club's Youth of the Month for June is Sheryl Glolik, the daughter of Mr. and Mrs. Edward Glolik, 3709 Fair Oaks Drive.

She will be a senior at Granite City high school in September. Her activities include National Honor Society, Masque and Gavel speech society, St. John's Senior Youth Fellowship, 1962 March of Dimes youth drive, 1962 Illinois Girls' State representative, Student Council, Girl's Athletic Association, Red Pipers pep club and co-director of 1962 Junior Follies.

Miss Glolik would like to become an elementary teacher.

State Ruling Against Sheriffs Keeping Fees

The fees received by a sheriff do not belong to him personally, but instead constitute a fund from which his salary and the expenses of his office are paid, Illinois Attorney General William G. Clark has advised State's Attorney Robert E. Richardson of LaSalle county.

Any excess in the fund is to be turned over to the county treasurer, Clark's statement said.

In other news opinions, Clark has held that:

Persons convicted for a second offense of driving a motor vehicle while under the influence of intoxicating liquor, or while their operator's license is revoked or suspended, may if otherwise qualified be given probation at discretion of the court.

A taxpayer can no longer designate how his taxes are to be applied because of an amendment to the state's revenue laws. Instead, the collector must first apply such monies to interest and costs, and after these are paid the funds shall be applied upon the total tax of real or personal property upon which the payments are made.

A county board has authority to issue permits for holding of motor vehicle races but has no statutory authority to make rules for their regulations.

And a township highway commissioner is no longer authorized to prohibit placing or construction of ditches, drains, tracks or any other equipment on a township or district road.

Constitutionality of two measures passed by the 1961 General Assembly, adding benefits to the pension and disability pay-

City Bill List For 2 Weeks Totals \$12,852

A bill list totaling \$12,852, of which \$5417 was paid to City Engineer David Johnston was approved Monday night by Granite City council members.

Johnston received \$417 monthly fee for regular engineering services and an additional \$5000 representing partial payment for preparation of final plans for the motor fuel tax project for widening Nameoki road between Washington avenue to North street, and for inspection of sewer repair work. The sewer repair inspection amounted to \$322.

Sewer maintenance costs totaled \$266 for chart forms, equipment rental and parts for machinery in operation where pumps are being maintained at sewer breaks.

Weed cutting costs for 10 days amounted to \$346, paid to Leo Komadulski.

Among other disbursements listed were \$50 monthly expense allowances for civil defense directors Victor Koenig and Theodore Todoroff, \$2012 for fuel and maintenance of city equipment, and \$19 paid to Home Nursery for petunias, plants, peat moss and plant food for use on the city hall lawn.

Two 5-Day July 4th Fetes Set In Quad-Cities Area

Two major annual Fourth of July celebrations are in the final stages of preparation for the Quad-Cities area — both featuring fireworks displays.

Granite City park district will have its third annual celebration June 30 through July 4 while Madison will have its annual Lions club celebration and homecoming at the same time.

In Granite City there will be a 10-team invitational softball tournament, a street dance, rides, concessions and a gymnastic display, according to Harold Brown, park superintendent. The events will take place at Wilson park. An estimated 15,000 persons attended last year's fireworks display.

On July 4 there will be a fireworks display beginning at 9 p.m.

There will be three ball games on June 30, two games on July 3, with the championship contest at 7 p.m. July 4.

Television personality R. A. Carter will be featured at the street dance July 2. There will

Alternate Parking OK'd For 2400 Block Of Adams St.

Alternate parking in the 2400 block of Adams street, installation of three stop signs and removal of several parking meters from the west side of the street, south from Madison avenue were traffic measures approved Monday night by Granite City council members.

The parking restriction in the one block of Adams street originally was submitted several months ago and was placed on July 2. It was decided later to request passage, and under the ordinance, parking is to be permitted on the even-numbered side of the street during even-numbered years and on the opposite side in odd-numbered years.

At the time the ordinance was submitted it was pointed out a large number of vehicles are parked on the heavily-traveled and narrow street, causing congestion.

Stop signs approved are to be located on Pershing avenue to Marshall avenue, on Marshall on Palmer avenue and on Garden lane at Madison street.

Alderman Charles Meyer called for the removal of several parking meters on Madison avenue, explaining that no parking restrictions should be adopted to permit additional space for large trucks making turns off 20th street onto Madison avenue.

The meters are to be removed south from Madison avenue to a driveway on the south side of the former Madison Dairy building.

Case Postponed One Week

No plea was taken Monday in the case of Barbara Williams, 26, of 1344 State street, on the charge of unlawfully serving alcoholic beverages. The hearing was postponed for one week. She was arrested last Friday under a seldom enforced law that specifies that no female other than the licensee or wife of the licensee may serve alcoholic beverages. She was working at a tavern at the same address.

Local Man Enlists, Sent To Lackland AFB

Former Venice resident Daniel Moad, 17, Madison, has enlisted in the U. S. Air Force, according to 8/Sgt. Dwayne Donahoe, local Air Force recruiter.

Airman Moad, son of Mrs. Pansy D. Moad, 1831 Third street, Madison, left last week for basic training at Lackland Air Force Base, Texas. He is a 1962 graduate of Venice high school.

Miss Taylor Attending FHA Leadership Conference

Miss Geraldine Taylor, daughter of Mr. and Mrs. Willie B. Taylor, Eagle Park, Madison, has been selected by the Lincoln-Venice high school chapter of the Future Homemakers of America, as their delegate to the annual state leadership conference at Illinois State Normal University.

Miss Taylor is attending the three-day seminar today through Saturday. She is a senior at Lincoln-Venice high school and corresponding secretary of the FHA Chapter. While at ISNU, she is scheduled to participate

in discussion groups and the vocal music chorus. Future Homemakers of America is a national organization composed of senior and junior high school students interested in the home economic field. The Illinois Association has 592 chapters with 29,628 members, of which approximately 600 will attend the conference as delegates.

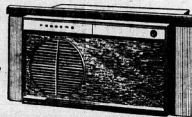

Mrs. Hazel Smith, home-economics teacher at Lincoln-Venice high school is the local sponsor, with Miss Kay Ashdown of Manlius high school, Manlius, serving as state sponsor.

Assessor Posts Chart With Tax Breakdown

So that Granite City taxpayers can see where their money goes, Assessor Von Dee Cruse has arranged for a complete breakdown of taxes to be displayed in the lobby of the city hall, just outside the office of Tax Collector Frank Sappington.

The assessor said the average home in Granite City township has an actual valuation of about \$13,500, and the average tax bill is about \$317 per year. That averages out to 88 cents per day. Cruse commented that exclusive of school and levee district taxes, the tax cost actually is less than the price of a pack of cigarettes a day.

The display was prepared by students of the art classes of Granite City high school. It is made of colored paper cutouts, stapled onto a board that is hand-lettered.

According to Cruse's break-

down the tax per day includes city, 38 cents; school, 50 cents; levee district, 9 cents; park, 3 cents; county, 7 cents; and township, 1 cent. Total, 88 cents a day.

A tax bill mailing has started, and payments now are being accepted at the collector's office. Normally, at tax time long lines of people wait their turn to pay their taxes. The display was arranged to attract their attention.

The assessor's office has just completed the personal property assessment for 1962. That tax is payable in 1963.

Good Shepherd Church School To Start Monday

The third annual vacation church school of the Good Shepherd Church, 3025 National avenue, will begin next Monday at the church and continue through July 6. With the exception of Wednesday, July 4, sessions will be conducted from 9 to 11:30

each morning during the two-week period. Cooperative materials published by several denominations will be used in the school and will emphasize the Bible as the central theme.

Classes are scheduled for children who have just completed kindergarten, for those who will attend kindergarten next year and for boys and girls who have completed any of the first six grades this past school year. Worship, stories, games, refreshments, handicrafts and special projects are included in the activities arranged for the youngsters.

Mrs. Tillie Little is superintendent, and will be assisted by the following teachers and workers: Mrs. Virginia Rainwater, Mrs. Janis Ritchey, Mrs. Wanda Sherman, Mrs. Emma Bryan, Mrs. Josephine Matthews, Mrs. Evelyn Hoenicke, Mrs. Cathrine Sedlacek, Mrs. Christine Hurt, Mrs. Jessie Drury, Miss Jackie Watkins and Rev. B. L. Bryan.

Here's One Retired Man Who Is 'Not Goin' Fishing'

WILBUR W. GAUEN, 65, of 2437 Grand avenue, who has retired after 47 years service with the Gulf Mobile and Ohio railroad. The envelope contains \$100 cash gift from fellow employees.

After 30 years as a railroad worker, Wilbur W. Gauen, has been retired by the Gulf Mobile and Ohio railroad. He started in 1912. Actually, he only has 47 years credit, he said, as he lost three years due to a strike in the early 1920's.

Gauen was never a crew member. He was always a shop man. Unlike most newly-retired men, Gauen is not going fishing.

That's one thing I'm not going to do," he said, "because I don't like it!"

There is a lot of work to be done around the house and yard, he said.

Gauen and his wife, Winifred, live at 2437 Grand avenue. They have no children, but they have so many close relatives in the area that Gauen declined to even attempt naming them.

"I have four brothers and three sisters all living not too far from here and they all have big families," he said. "There are so many of us now, I don't even know everybody."

Railroad Family
Gauen came from a railroad family. Born in Waterloo, Ill., he came here at the age of six with his family. His father was station agent at Venice for the Chicago Alton railway.

"We moved to Venice because that's where all the passenger trains came through in those days."

In 1928, Gauen established himself in Granite City. Mrs. Gauen has worked for

Nursing Scholarship Plan To Be Outlined

Details of the Illinois Department of Mental Health's nursing scholarship program will be explained at Edwardsville Monday, July 2, by William E. Skadden, department health educator.

The department offers scholarship grants of from \$2000 up, depending on school costs, for a 36-month period. The grants cover tuition, fees, books, uniforms and other specified school expenses, plus an additional allowance of \$40 a month.

Students accepting the scholarships must sign an agreement with the mental health department to accept employment on the staff of one of the state's mental hospitals or schools upon completion of training. Recipients must agree to one year of such employment for each year of the scholarship.

The scholarships are available to high school graduates between the ages of 17 and 35. The applicant must be a citizen of the United States and reside in Illinois, and must be accepted by an approved school of nursing in the general Illinois area. Skadden will be at the office of Wilbur R. L. Trimble, county school superintendent, from 10 a.m. to 4 p.m. to meet with interested students, parents or counselors.

No appointments will be necessary during the scheduled hours. Mental health department representatives will meet with interested individuals or groups on a first come, first served basis.

WARNING

to the owner of
an older home...

(AND SOME NEW ONES!)

CHECK YOUR WIRING....and keep the resale value of your property UP!

You may or may not be thinking of selling. But either way, the resale appeal of your home measures its real value as part of the family wealth.

And when the chips are down, too many otherwise fine homes—newer homes as well as old—are going for less than a fair price... often because of inadequate wiring.

Perhaps an additional circuit or two is all that's needed to make your wiring modern. It's a sound investment in better living... and bigger resale value.

Banks and savings and loan organizations are glad to finance wiring improvement. Ask them.

Oil, Supplies Up In Venice Twp. Road Budget Of \$32,818

A tentative 1962-63 Venice township road budget of \$32,818 was placed on display this week at the township office. It is \$4308 higher than the 1961-62 budget adopted last summer.

Proposed departmental increases are \$2312 for oiling of roads, \$1720 for maintenance of roads, \$173 for administrative costs, \$100 for contingencies and \$2 for weed prevention.

Major increases on items are an extra \$1500 for purchase of road oil and an added \$1000 for purchase of road maintenance supplies.

Hearing July 20

The proposed budget and appropriation ordinance for the fiscal year that began June 1 will remain on display at the township office, 1502 Fifth street, Madison, until a public hearing at 7:30 p.m. Friday, July 20, at the same location.

Final action on the ordinance will be taken by Highway Commissioner Frank Kimack during a town board meeting to be held at 8 p.m. the same day.

Along with listing the proposed spending of \$32,818, the tentative budget shows expected income of \$12,375, plus a \$4272 cash balance.

Plan \$7000 Tax Warrant

The \$12,375 figure consists of \$7000 to be borrowed in a tax anticipation warrant on the proposed 1962 tax levy of \$23,647, and \$5375 in 1961 taxes (\$11,975 less \$6600 already obtained by anticipation warrant).

Rites Held Monday For Father Of Fred Garner

Funeral services were conducted at 1:30 p.m. Monday at a Wood River funeral home for Roy A. Garner, 62, of East Alton. He was the father of Fred Garner of Granite City. Burial was in Upper Alton Cemetery.

Survivors, in addition to his son here, include his wife, Mildred; two daughters, Mrs. Helen Gordon, Roxana, and Mrs.

The \$11,975 is estimated as the township's share of \$23,930 property taxes to be collected this year, the other half being distributed to the cities of Madison and Venice for road improvements.

Actual 1961 levy was \$23,784. Another \$1415 was extended, and collection losses and costs are estimated at \$1230.

Budget Breakdown

A breakdown of the proposed budget, including a comparison with 1961-62, follows:

Maintenance of roads—labor, \$4500, up \$300; material and supplies, \$7000, up \$1000; truck and team hire, \$1900, up \$100; hire of machinery and tractors, \$3500, up \$300; Social Security payments, \$146, up \$20; total, \$18,646, up \$1720.

Oiling of roads—oil, \$7000, up \$1500; labor, \$1500, up \$300; operation of machinery, \$1500, up \$300; Social Security, \$48, up \$12; total, \$10,048, up \$2312.

Prevention and estimation of weeds—labor, \$1000, same; Social Security, \$32, up \$2; total, \$1032, up \$2.

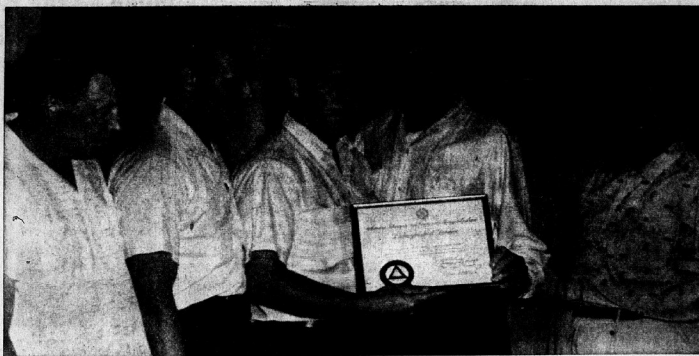

Administration—treasurer's commission, \$275, up \$25; office help, \$500, up \$150; stationery, office supplies and expenses, \$100, same; printing and publishing, \$50, same; legal services, \$200, same; auditing, \$50, same; transportation and travel, \$500, same; insurance and bonds, \$300, same; Social Security, \$16, down \$2; total, \$1991, up \$173.

Provision for contingencies—\$100, up \$100.

**Water Company Relocates
Line Along Fehling Road**

Eight hundred feet of 12-inch water line is being installed along Fehling road by the East St. Louis and Interurban Water Co. In reinforcing the system the company will complete the section around the relocated street, closing a gap.

Before the road was relocated some years ago, the pipeline went through what is now public school property. When the new section is completed the line on school property will be discontinued in the vicinity of the buildings.

The bulk of the work is scheduled for completion today.

Protestant Welfare Gives \$858 May Aid

Rev. James T. Bryant of the Trinity Methodist Church was host pastor for the June meeting of the Protestant Welfare Association Tuesday night at the church.

The association's May report listed expenditures of \$858 for provision of food, medical assistance, clothing and other necessities to needy families and individuals of the community.

Following devotions by Rev. Bryant, the 25 association members present discussed possibilities of instituting a family counseling service. The matter was referred for further study.

Two new ministers were welcomed into the association. They are Rev. Raymond Switzer, pastor of the Dewey Avenue Methodist Church, and Rev. Buddy Johnston, pastor of the Venice Methodist Church.

City Sales Tax Revenue Topping All Past Years

City sales taxes set a March record this year, amounting to \$23,573 in the Quad-Cities. Latest records of the Illinois Department of Revenue revealed today. Revenue this year is exceeding that of all previous years.

The figure compares with \$20,733 in March 1961, \$20,865 in March 1960, \$19,470 in March 1959, \$17,509 in March 1958, \$18,103 in March 1957, and \$15,880 in March 1956.

A breakdown of the report on March tax liability, collected during April, shows \$19,224 for the municipal treasury of Granite City, \$3482 for the Madison city treasury and \$866 for the Venice city treasury.

For the first three months of 1962, the Granite City total is \$55,081; Madison, \$10,837; and Venice, \$2802 for a Quad-City tally of \$68,720. (\$24,103 January, \$20,449 February and \$23,573 March).

The \$68,722 listing tops January-March tabulations of \$57,136 a year ago, \$60,727 two years ago, \$55,734 three years ago, \$50,480 four years ago and \$31,985 five years ago. The half-

cent-a-dollar tax went into effect locally Feb. 1, 1956.
